

THE OPEN UNIVERSITY OF TANZANIA

FACULTY OF BUSINESS MANAGEMENT

OAC 605: FINANCIAL AND MANAGEMENT ACCOUNTING

Term Paper Question

SUBMIT BEFORE 29th MARCH, 2008

Financial information contains various disclosures that help various users obtain the value out of it. Users of this information are various each with relevant kind of information needed. In Tanzania (as it is with other stock exchange bodies), one of users is the general public through the Dar es Salaam Stock Exchange. By sitting live examples from one company among the listed, give a presentation of the information to be disclosed to the public for listing purposes, give a clear analysis of all the important elements of the financial information relevant to the general public in making their decision whether to invest or not.

NB: Obtain the most current financial statements for this purpose.
