

THE OPEN UNIVERSITY OF TANZANIA
FACULTY OF EDUCATION
OED 621: DISTANCE EDUCATION AND THE ECONOMY
TERM PAPER

Instructions:

- **Choose ANY ONE topic**
 - **Deadline for submission 30/06/2009**
-

1: With relevant example explain how distance education contributes to the formation of human capital in a country of your choice.

2: Most countries and institutions acknowledge the need to equalize educational opportunities for attainment of social economic growth. Critically analyse the reasons why equity in education has not been attained in your country.

3. Critically examine the role of distance education in the economic development of society. What challenges face distance education in its contribution to economic development.
