

**THE OPEN UNIVERSITY OF TANZANIA
(OUT)**

WELCOME TO A PUBLIC LECTURE!

Open University in Tanzania in collaboration with Institute of Research in Open, Distance and eLearning (IFel) of the Swiss Distance University of Applied Sciences (SDUAS) wishes to invite the University Community to a Public Lecture on **“The role of Technologies in Open and Distance Education”**

Session Chair: Prof. E. Bissanda - VC

Venue: Council Chamber

Date: Tuesday 26 March, 2018

Time: 10.00 – 13.00

Key Speaker - Professor Per Bergamin

Professor of Psychology and UNESCO Chair on Personalised and Adaptive Learning Technologies at SDUAS, Switzerland. Per has undertaken extensive research, innovation and development on the use of new technologies in learning, including aspects of distance learning, usability of learning environments, self-regulated and adaptive learning. He has successfully integrated the application of Transactional Distance Theory and new findings from cognitive psychology together with a research-based approach to build successful learner centered distance education technologies like moddle and others.

Discussants:

1. Professor Deus Ngaruko
DVC (Academic)

2. Dr. Christopher Awinia
Centre of Economics and
Community Economic Dev

3. Victoria Mirata
Swiss Distance University
of Applied Sciences

Come and learn about recent global development in learning technologies and ask questions about your experience of using learning technologies in teaching and learning

THE SESSION IS OPEN TO ALL STAFF AND STUDENTS!
