INTRODUCTION TO THE OPEN UNIVERSITY OF TANZANIA

The Open University of Tanzania was established by the Act of Parliament No. 17 of 1992. The Act became operational on 1st March, 1993 by publication of Notice No. 55 in the Official Gazette. The First Chancellor was officially installed in a full ceremony on 19th January, 1994. Act No. 17 of 1992 has now been replaced by The Open University of Tanzania Charter, effectively from January 1st, 2007, which is in line with the Universities Act No. 7 of 2005.

The Open University of Tanzania is an open and distance learning institution offering certificates, diplomas, degrees and postgraduate courses. Educational delivery is attained through various means of communication such as broadcasting, telecasting, Information and Communication Technologies (ICT), correspondence, enhanced face to face, seminars, elearning (blended) delivery modes or the combination of any two or more of such means.

At the moment The Open University of Tanzania consists of the following faculties, institutes and directorates: The Faculty of Arts and Social Sciences; Faculty of Education; Faculty of Science, Technology and Environmental Studies; Faculty of Law, Faculty of Business Management, Institute of Continuing Education; Institute of Educational and Management Technologies, The Open University of Tanzania Consultancy Bureau (OCB); Directorate of Undergraduate Studies, Directorate of Quality Assurance and Control, Directorate of Postgraduate Studies, Directorate of Research and Publications, the Directorate of Communications and Marketing and Directorate of Library Services. More faculties and institutes may be established according to procedures indicated in the new Open University of Tanzania Charter that guide its operations. The Open University of Tanzania Charter was signed by H.E. the President of the United Republic of Tanzania on 28th March, 2007.

OUT has collaborations with sister institutions where applicants are admitted in these institutions and OUT is the awarding institution. We have this arrangement with Laweh Open University in Ghana, St. Mary's University in Ethiopia, Triumphant College in Namibia, Egerton University in Kenya, Zambia College of Open Learning, Uganda Management Institute etc.

This Prospectus combines the Undergraduate as well as the Postgraduate Programmes. It puts together general and specific regulations governing the conduct of all degree and non degree programmes at the University. The Prospectus has also documented list of all key staff; and more so all academic staff as well as the University almanac for this academic year (2021-2022).

ADMISSION REGULATIONS 2021 - 2022 ACADEMIC YEAR

1. **Choice of programme:** Information about programmes on offer is available on the university's web page <http://www.out.ac.tz> and OUT prospectus.
2. **Application fee:** Application for admission for undergraduate and none degree programmes at OUT is free of charge.
3. **Admission cycles:** The OUT has two admission cycles. The first admission cycle is September 2021 and another admission cycle shall be April 2022. Applicants selected to study in any admission cycle will be admitted according to dates approved by Tanzania Commission for Universities (TCU).
4. **Documents required for application:** Any applicant applying for admission at the OUT must have form four index number, form six index number, Award verification number (AVN) from Nation Council for Technical Education (NACTE for Diploma holders, National Identity Number (NIDA), AVA certificate for VETA graduates. For applicants applying degree by using prior degree certificates must submit their certificates. For applicants applying degree programmes by using prior degree certificates or old form four and six obtained prior 1988 or NTA level 5 must upload their certificates online in the OUT online application system and send the same to dugs@out.ac.tz and copy to records.dugs@out.ac.tz and admission@out.ac.tz.
5. **Foreign certificates:** Applicants with foreign certificates must use equivalence translation number during application. The equivalence can be obtained from National Examination Council of Tanzania (NECTA) for form four and six holders; National council for Technical Education (NACTE) for ordinary Diploma and certificates and Tanzania Commission for Universities for Degrees. The equivalence can be obtained through online website of the relevant authorities. It should be clearly understood that responsibility and cost of obtaining equivalent translation for foreign certificate is solely vested on applicants. The OUT is not responsible in any ways in that processes. Any application with foreign certificate without equivalence to Tanzanian standards shall not be considered.
6. **Names for academic purposes;** Applicants must use names as they appear in their form four certificates only or equivalent translations of the O level certificate during application processes. Selected students are required to register by using names as they appear in their form four certificates or its equivalent translation. The official order of names during registration shall be; Surname, First Name(s), Middle Name(s). Where a candidate has only two names in his or her certificates, then only those two names shall be used and accordingly the second name in the list will be taken as surname. Change of names by students after registration is not allowed. The University reserves the right to refuse any changes of names that are drastic, even when properly booked up by relevant laws of the land.
7. **Mode of application:** An Application for admission must be done through Online Application System (OAS) of the OUT. The OAS is available at www.out.ac.tz in the undergraduate window. Applicants are required to complete all sections of the online application system. An applicant must read user guide carefully before applying online.

Online application user guide is available at (<http://196.216.247.245/uploads/stepbystep.pdf>). In case of problem, the application may be done by filling an application form available at <https://www.out.ac.tz/undergraduate/> and any OUT regional centre. A duly-filled application form should be submitted directly to any nearest OUT Regional centres available all over the country and at designated centres outside Tanzania for online processing.

8. **Admission processes:** Admission processes shall be done in accordance with admission rules as approved by OUT Senate. The selected students shall be submitted to undergraduate admission board, undergraduate studies Committee and Senate for approval. The students approved by OUT senate shall be submitted to TCU and NACTE for verification.
9. **Announcement of selected students:** Selected applicants shall be announced through OUT website, OUT regional centres and contacts of selected applicants submitted during application.
10. **Reporting at the University:** Selected students are required to report at any nearest OUT regional centre for registration **within 30 days** from the date of commencement of academic year. Any Failure to report to university within required period must be communicated in writing to DVC academic office via dugs@out.ac.tz.
11. **Registration:** The Registration at the OUT will be considered only if the University receives convincing evidence that the admitted student will be adequately financed during his or her study at the University. Applicants from other countries who are in need of financial assistance to meet fees and other expenses are advised to apply for bursaries from their respective Governments, employers or other sponsoring agencies.
12. **Registration procedures for newly selected students:**
 - i) Student shall be required to pay Tshs 210,000/= for local student and its equivalence for international students prior course registration. The payment shall be made as per generated control number as prescribed in admission letter. The official receipt for any payment made must be obtained from any OUT nearest regional centre.
 - ii) Upon payment, student shall be issued with an account (user name and password) from Student Academic Records Information System (SARIS) for registration. The OUT officials at all OUT regional centres will guide students on how to register online. The SARIS account is used also for examination registration, accessing online academic materials in the moodle platform, examination results and payment status.
 - iii) Student shall be required to register courses for the programme selected in the SARIS available at <http://sis.out.ac.tz/index.php>. Upon registration student must confirm and print invoice. Before registration of courses, students must make sure that have read the OUT prospectus available at www.out.ac.tz and all OUT regional centres.
 - iv) Students are required to pay various University fees within given period as prescribed in the invoice.
 - v) Upon payment of required fees, a newly admitted student shall be considered as officially registered student of the Open University of Tanzania.
13. **Annual Registration**
 - i) In every new academic year, all continuing students are required to re-register online by using SARIS account. A student who fails to re-register shall not be recognized as

a bonafide student of OUT for that academic year, and may not be able to access the (SARIS) for examination registration.

- ii) During annual re-registration, students must register courses of their studies for that particular academic year for purposes of coursework assessment and Annual Examinations, field practice, science and teaching practical they plan to attempt.
 - iii) Students are required to register online for examination sessions at least One month before or as the time described in the OUT almanac of particular academic year. The registered students will be issued with Examination Hall Ticket (EHT) that allows them to enter in to the examination hall once endorsed by the Director of the Regional Centre.
 - iv) Academic services including but not limited to Assignments, tests, practical, face to face Sessions, examinations and even provision of any financial assistance shall be directed only to students dully registered in that particular academic year.

Any students exceeding registration period shall be de- registered from studies at the OUT.
19. **Voluntary de-registration:** Student wishing to de-register from from studies at the OUT for any reason must write a letter to DVC academic requesting de registration from studies at the OUT and state reasons for the same. The application letter must be accompanied by clearance form, de registration form, Students identity cards and receipts of all payment made at the OUT. The request to de register must be approved by UGSC and SENATE. Student will be informed after approval of Senate in writing. **De-registration from studies at the OUT must be done at the end of respective academic year only. No de-registration is allowed in the mid of the academic year.**

20. ENTRY REQUIREMENT IN TO DEGREE PROGRAMMES 2021-2022 ACADEMIC YEAR

Minimum admission entry requirements in to Degree Programmes for 2021/2022 academic year is as shown in the below table. However, for specific admission requirements for each specific programme are presented in appendix

SN	Category of applicants	Minimum admission entry qualifications
1.	Completed A Level studies before 2014	Two principal passes with a total of 4.0 points from Two Subjects defining the admission into the respective programme: where A = 5; B = 4; C = 3; D = 2; E = 1; S = 0.5.
2.	Completed A Level studies in 2014 and 2015	Two principal passes (Two Cs) with a total of 4.0 points from Two Subjects defining the admission into the respective programme: where A = 5; B+ = 4; B = 3; C = 2; D = 1; E = 0.5.
3.	Completed A Level studies from 2016	Two principal passes with a total of 4.0 points from Two Subjects defining the admission into the respective programme: where A = 5; B = 4; C = 3; D = 2; E = 1; S = 0.5.
4	Ordinary Diploma, FTC and Equivalent Qualification Applicants	At least four passes ('D's and above) at O' Level or NVA Level III with less than four O' Level passes or equivalent foreign qualifications as translated by either NECTA or VETA; AND <ul style="list-style-type: none"> i) At least a GPA of 3.0 for Ordinary Diploma (NTA Level 6); OR ii) Average of "C" for Full Technician Certificate (FTC) (where A = 5, B = 4, C = 3, and D = 2 points); OR iii) Average of 'B' Grade for Diploma in Teacher Education; OR iv) Average of 'B+' Grade for Health-related awards such as Clinical Medicine and others; OR v) A Distinction for unclassified Diplomas and certificates OR vi) Upper Second Class for classified non-NTA Diplomas
	Foundation Programme of the OUT	A GPA of 3.0 accumulated from six core subjects and at least a C grade from three subjects in respective cluster (Arts, Science and Business Studies) PLUS An Advanced Certificate of Secondary Education Examination with at least 1.5 from two subjects OR An Ordinary Diploma from the recognized institution with a GPA of at least 2.0 OR NTA level 5 /Professional Technician Level II Certificate

OPTION I: DIRECT ENTRY

Form six with two principal passes with a total of 4.0 points from Two Subjects defining the admission into the respective programme or Foundation certificate with A GPA of 3.0 accumulated from six core subjects and at least a C grade from three subjects in respective cluster (Arts, Science and Business Studies) AND At least four O-Level passes ("D"s and above) or NVA Level III with less than four O-Level Passes or equivalent foreign qualifications as established by either NECTA or VETA.

OPTION II: EQUIVALENT ENTRY

Minimum Entry Requirements for Equivalent Applicants – Diploma Holders with 3.0 GPA **AND**

At least four O-Level passes ("D"s and above) or NVA Level III with less than four O-Level Passes or equivalent foreign qualifications as established by either NECTA or VETA.

OPTION III

An applicant with degree or Advanced Diploma awards from other Institutions of Higher Learning will be considered on their own merit

21. ENTRY REQUIREMENT INTO NON-DEGREE PROGRAMMES

A. FOUNDATION PROGRAMME (OFF)

This is a pre-university entry programme offered by the Institute of Continuing Education to suit requirement of various degree programs. Applicants who do not qualify straight away under the degree programme requirements may register for Foundation Programme.

Entry Requirements

- i) Advanced Certificate of Secondary Education Examination (ACSE) with at least 1.5 points from TWO subjects; with not less than four passes at O level obtained prior to the ACSE. OR
- ii) An Ordinary Diploma from a recognized institution with a GPA of at least 2.0 OR
- iii) NTA Level 5 or Professional Technician Level II Certificate with not less than four passes at O level. Passes in Religious and General Studies are not counted

B. DIPLOMA IN EARLY CHILDHOOD

- i) Grade A teaching Certificate or Basic Certificate in Teaching NTA 4. **OR**
- ii) Certificate in Early Childhood Education) with an average pass of not less than B grade PLUS at least 4 passes in Certificate of Secondary Education.
- iii) Admission into this programme is open for **IN-SERVICE TEACHERS** only.

C. COMMONWEALTH YOUTH PROGRAMME DIPLOMA IN YOUTH DEVELOPMENT WORK

- i) Advanced Certificate of Secondary Education with a minimum of one principal pass OR
- ii) Basic Certificate in Youth Work or any relevant field from a recognized Institution with Certificate of Secondary Education with at least 4 passes **or**
- iii) NTA Level 5 or Professional Technician Level II Certificate with not less than four passes at O level. **Passes in Religious and General Studies are not counted**

D. DIPLOMA IN PRIMARY TEACHER EDUCATION

- i) At least Grade A Teaching Certificate (or Basic Certificate in Teaching NTA 4 or
- ii) Certificate in Early Childhood Education with an average pass of not less than B grade PLUS at least 4 passes in Certificate of Secondary Education.
- iii) Admission to this programme will be for candidates who are **IN-SERVICE TEACHERS** only.

E. DIPLOMA IN COMPUTER SCIENCE NTA LEVEL 6

- i) NTA Level 4 Certificate in Information Technology, Information and Communication Technology (ICT), Computer Science, Computing, Computer Engineering, Information Systems, Information Systems Security Management, Data Management, Telecommunication, Business Information Technology (BIT), Computer Studies, Information Systems and Network Technology or

Electronics Engineering with Certificate of secondary education examination with at least four passes or

- ii) NTA Level 5 in Information Technology, Information and Communication Technology (ICT), Computer Science, Computing, Computer Engineering, Information Systems, Information Systems Security Management, Data Management, Telecommunication, Business Information Technology (BIT), Computer Studies, Information Systems and Network Technology or Electronics Engineering with Certificate of secondary education examination with at least four passes **OR**
- iii) Advanced Certificate of Secondary Education Examination (ACSE) with at least one principal pass or
- iv) Professional Technician Level II Certificate with not less than four passes at O level. Passes in Religious and General Studies are not counted

F. DIPLOMA IN LIBRARY AND INFORMATION STUDIES

- i) Advanced Certificate of Secondary Education with a minimum of one principal pass or **OR**
- ii) Basic Certificate in Library and Information Studies (NTA level 4) or any relevant field from a recognized Institution with Certificate of Secondary Education with at least 4 passes or
- iii) Certificate in Library and Information Studies (NTA level 5) or any relevant field from a recognized Institution with Certificate of Secondary Education with at least 4 passes or
- iv) Relevant professional Technician Level II Certificate with not less than four passes at O level. **Passes in Religious and General Studies are not counted**

G. DIPLOMA IN BUSINESS ADMINISTRATION (NTA LEVEL 6)

- i) Certificate of Secondary Education with at least 4 passes with a **minimum of D** in mathematics
- ii) Basic Certificate in Business Administration (NTA Level 4) with
- iii) Certificate in Business Administration (NTA level 5) or other business-related field from any recognized institution **OR**
- iv) Advance certificate of secondary Education with at least one principal pass or
- v) Professional Technician Level II Certificate with not less than four passes at O level. **Passes in Religious and General Studies are not counted**

H. DIPLOMA IN ACCOUNTANCY (NTA LEVEL 6)

- i) Certificate of Secondary Education with at least 4 passes with a **minimum of D** in mathematics
- ii) Basic Certificate in Business Administration (NTA Level 4) with
- iii) Certificate in Business Administration (NTA level 5 or other business-related field from any recognized institution **OR**
- iv) Advance certificate of secondary Education with at least one principal pass or three subsidiaries
- v) Professional Technician Level II Certificate with not less than four passes at O level. **Passes in Religious and General Studies are not Counted**

I. DIPLOMA IN PROCUREMENT AND SUPPLY (NTA LEVEL 6)

- i) Certificate of Secondary Education with at least 4 passes
- ii) Basic Certificate in procurement and supply (NTA Level 4) and

- iii) Certificate in procurement and (NTA level 5) or other business-related field from any recognized institution OR
- iv) Advance certificate of secondary Education with at least one principal pass or
- v) Professional Technician Level II Certificate with not less than four passes at O level. **Passes in Religious and General Studies are not Counted**

J. CERTIFICATE IN PROCUREMENT AND SUPPLY (NTA LEVEL 5)

- i) Certificate of Secondary Education with at least 4 passes and
- ii) Certificate in procurement and supply (NTA Level 4) OR
- iii) Advance certificate of secondary Education with at least one principal pass or three subsidiaries

K. TECHNICIAN CERTIFICATE IN COMPUTER SCIENCE NTA LEVEL 5

- i) Certificate of secondary education examination with at least four passes **Plus** Basic Certificate in Information Technology, Information and Communication Technology (ICT), Computer Science, Computing, Computer Engineering, Information Systems, Information Systems Security Management, Data Management, Telecommunication, Business Information Technology (BIT), Computer Studies, Information Systems and Network Technology or Electronics Engineering with GPA 2.0 and above. **OR**
- ii) Advanced Certificate of Secondary Education with a minimum of one principal pass or
- iii) Professional Technician Level II Certificate with not less than four passes at O level. **Passes in Religious and General Studies are not counted**

L. CERTIFICATE IN YOUTH WORK

- i) Certificate of Secondary Education with at least 4 passes OR
- ii) National Vocational Award (NVA) Level 3.

M. CERTIFICATE IN LIBRARY AND INFORMATION STUDIES

- i) Certificate of Secondary Education with at least 4 passes OR
- ii) National Vocational Award (NVA) Level 3 in related field.

N. CERTIFICATE IN DISTANCE EDUCATION **

- i) Certificate of Secondary Education with at least 4 passes **OR**
- ii) National Vocational Award (NVA) Level 3.

O. CERTIFICATE IN EARLY CHILDHOOD EDUCATION

- i) Certificate of Secondary Education of **DIVISION THREE** with at least 4 passes **OR**
- ii) Admission into this programme is open for **IN-SERVICE TEACHERS** only

P. BASIC CERTIFICATE IN COMPUTING AND INFORMATION TECHNOLOGY (NTA LEVEL 4)

- i) Certificate of Secondary Education with at least 4 passes **OR**
- ii) National Vocational Award (NVA) Level 3 in Information Technology related field.

Q. CERTIFICATE IN HAIRDRESSING AND BEAUTY THERAPY

- i) Certificate of Secondary Education with at least 4 passes **OR**

- ii) National Vocational Award (NVA) Level 3 in Hairdressing and Beauty Therapy, Cosmetology or related field

R. BASIC CERTIFICATE IN BUSINESS ADMINISTRATION (NTA LEVEL 4)

- i) Certificate of Secondary Education with at least 4 passes with a **minimum of D** in mathematics OR
- ii) National Vocational Award (NVA Level 3) in any field from an institution recognized by VETA

S. CERTIFICATE IN BUSINESS ADMINISTRATION (NTA LEVEL 5)

- i) Certificate of Secondary Education with at least 4 passes with a **minimum of D** in mathematics and
- ii) Certificate in Business Administration (NTA Level 4) OR
- iii) Advance certificate of secondary Education with at least one principal pass or three subsidiaries

T. BASIC CERTIFICATE IN PROCUREMENT AND SUPPLY (NTA LEVEL 4)

- i) Certificate of Secondary Education with at least 4 passes OR
- ii) National Vocational Award (NVA Level 3) in any field from an institution recognized by VETA

U. BASIC CERTIFICATE IN ACCOUNTANCY (NTA LEVEL 4)

- i) Certificate of Secondary Education with at least 4 passes with a **minimum of D** in mathematics OR
- ii) National Vocational Award (NVA Level 3) in any field from an institution recognized by VETA

22. GENERAL GUIDELINES ON MODE OF STUDY FOR UNDERGRADUATE COURSES

- i) The courses leading to the bachelor degree are divided into three levels. Each level is equivalent to one academic year in a conventional University. The three levels are identified through subject codes with series 100, 200, and 300 for level 1, 2 and 3 respectively.
- ii) All undergraduate degree programmes are taught by elearning (blended) mode of delivery, except for some programmes such as B.Sc. (ICT) which may have enhanced short face to face sessions to complement elearning. The main medium of instruction is through moodle platform with printed study materials for some courses with stocks of hard copies. Most materials are also available in CD-ROMs. All courses are available on OUT website under the e-Learning Management Information System (eLMS) with all the reading materials uploaded for each course. The use of ICT has recently been mainstreamed as main OUT's teaching and learning facility for all its programmes.
- iii) The main modules for each of the subjects are called units. Each unit shall cover content materials equivalent to thirty-five-one-hour lecture materials or three-hour lecture per Semester. Most of OUT Units are now being converted into Credits to conform to the University Qualification Framework (UQF) published by TCU. For the purpose of conversion, one OUT unit is equivalent to ten credits under UQF.
- iv) Support services for the students are in the form of face-to-face teaching, ICT based electronic platforms, audio cassettes, compact discs (CDs), Internet (where available), library services and other teaching/learning media. The face-

to-face teaching includes residential sessions for orientation and continuous tutoring and counseling. As for B.Sc., B.Sc. (Ed), and B.Sc. (ICT), academic programmes, laboratory exercises are organized at designated institutions/locations.

- v) Every student must fill in the Student Progress Portfolio (SPP) online, for courses registered to be allowed to write the annual examination. SPPs must be presented online to course instructors before, during or immediately after Knowledge Area six of the course is covered.
- vi) To qualify for the award of a degree, a candidate must clear all the three parts of the degree course. A fast student may cover more units and thus be able to finish the course in less than the specified average period for obtaining a degree. The minimum duration for completion of an undergraduate degree programme is THREE YEARS. The maximum registration period for an undergraduate degree in EIGHT YEARS.

23. Guidance in the use of Credits and Notional Hours in Course Design

i) Credits

In academic setting, credit is used as means of quantifying and recognizing learning whenever and wherever it is achieved, i.e. used as an indicator of volume of teaching and learning or the amount and depth of learning undertaken to complete a course or module. A credit is also referred as credit points or credit weighing. In curriculum design, the credits therefore indicate the volume of learning is likely to be necessary to achieve the intended outcomes. Thus credits do not reflect performance, but the time expected of a student to meet the requirements of the course/module. Credits are thus arrived at by working out how many 'notional hours' a student should engage in, in order to achieve competence in the knowledge and skills expected of him/her. This is not simply 'time-learning', but an indication of how learning was planned and managed.

ii) Notional Hours

On the other hand, notional hours is the number of hours which is expected that a learner will spend, on average, to achieve the specified learning outcome, it includes the time spent in any activities in which a student is involved that relates to their mastering of an outcome eg. This may include contact hours, self study, seminar presentation, writing examinations and test, practical/laboratory session, group work, visit the online learning management system (MOODLE) etc.

For example: Worldwide, the standard of TEN notional hours equaling ONE credit has been adopted. For instance, TCU requires that, a student completes a 3- year Bachelor degree for minimum of 360 credits. Practically this means a student must complete 120 credits per year. In terms of notional hours this means that a three year Bachelor's degree should be planned around 3,600 Hours of teaching and learning or 1,200 Hours per year. During curriculum design, each course must clearly indicates the teaching and learning hours/Notional hours as indicated in the table below (see step 3). So, credits and notional hours can have several advantages to lecturers and students as follows

- Provide guidelines to plan distribution of activities in a particular course eg. contact hours, on-line learning, self directed learning, etc
- Using such guidelines, we can estimate the workload for lecturers and students.
- Assist students to be aware on the level of competence expected from them in terms of both time management and utilization and also important to determine the distribution of activities in self managed learning as one progress through a degree.

iii) Determining workload in relation to Credits and Notional Hours

As part of planning for completion of a study program, OUT calculates the workload in relation to credits and notional hours for each course. It is important to note that, notional hours look at workload from the students' perspective and not how much content we would like to teach but at how much time it takes the average student to achieve deep learning of the knowledge, skills, attitudes and values that are embodied in a particular course. The formulation acknowledges that it is impossible to treat all students equal, hence the concept of the 'average student'. Students vary in innate abilities, background, educational achievements, etc. Each student will thus spend a different amount of time on a course but should be encouraged to move at a pace that meets the lecturer's expectations of the amount of work that should be completed by a certain stage of the module, and in this case, an average student is expected to complete a bachelor's degree in 3 years.

GENERAL UNIVERSITY EXAMINATION REGULATIONS FOR UNDERGRADUATE COURSES

1. Assessment

- 1.1 All courses shall be examined during the academic year in which they are studied. The assessment shall consist of an online coursework assessment and where needed a timed test may be administered prior to sitting for a final (annual) examination, at the end of the academic year. The coursework assessment will contribute 30% while the annual examination will contribute 70% to the final grade.
- 1.2 Science practical, teaching practice and other field related assignments will constitute independent units, not examinable, but assessed through reports submitted by students.
- 1.3 The pass mark for both coursework and examinations combined shall be 40% for all undergraduate programmes
- 1.4 A candidate who fails to attain the pass mark, after sitting for the annual will be allowed to write a supplementary examination after paying the required examination fee. The maximum grade attainable in a supplemented subject is C.
- 1.5 A candidate who fails in a supplementary examination will be required to repeat the subject. Repeating a subject means doing the continuous assessment (test) and annual examination. The maximum grade attainable in a repeated subject is C.
- 1.6 A candidate who fails a repeated subject shall be required to re-register the course as many times as possible until he/she attains a pass grade.
- 1.7 A candidate who fails to appear for examination, for any certified reason, must inform the DVC Academic prior to the commencement of the examinations period. Students requesting to appear for special examinations without prior authorization by the DVC Academic will be required to pay examination fees for the session.
- 1.8 A candidate who attempts the annual examination without having marks from coursework assessment in that year will be awarded the mark zero for the coursework.
- 1.9 All law examinations shall generally be partial open book. Students will be required to pay a tune of Tsh. 30,000 per year and they shall be supplied with statutes for respective courses during examinations.

2. Registration for Examinations

Registration by a candidate for a course of study shall not be taken as guaranteed registration for examinations or for online coursework assessment for that subject. Each candidate shall be required to register for the examinations in specific subjects at least one month at latest, before the commencement of examinations period.

3. Eligibility for Examinations

- 3.1 A candidate shall be admitted to examinations for subjects in which the candidate is registered for at the beginning of the academic year.
- 3.2 In the Student Progress Portfolio (SPP), the student is expected to summarize, in one page, for each subject, the description of what he/she considers to be the most important knowledge and skills gained from the subject. This part must only be filled when the student thinks he/she is ready to attempt the examination.
- 3.3 Some marks will be awarded for the SPP, and each student will be expected to keep the SPP entries made for each course into own programme SPP composing all course entries in safe storage devices till graduation. A student may be called to present the portfolio anytime, for the sake of verification of his/her studentship status.
- 3.4 A candidate shall be permitted to participate in practical/filed sessions or in online course assessment after having paid at least 50% of all the requisite tuition fees and examination fees.

- 3.5 A candidate shall be permitted to sit for the Annual Examination (AE) that are usually held in after covering learning objectives in all the 6 Knowledge Areas of each course and after having paid 100% of all requisite tuition and examination fees.
- 3.6 A candidate whose work progress is considered unsatisfactory may be required by the Senate, on the recommendation of the appropriate Faculty/Institute Board, to repeat any part of the course before admission to an examination.

4 The Directorate of Examinations Syndicate

The Open University of Tanzania has established a Directorate of Examination Syndicate (DES) responsible for overseeing quality and security management of University examinations including compilation of exam papers, printing, distribution, invigilation, and issuing of transcripts and certificates. Departments in the Faculties/Institutes are responsible for preparation, setting and moderation of exam questions, marking and recording of student marks in the record sheets. The teaching departments are also responsible for compilation of student records which will be submitted to the faculty board, undergraduate and postgraduate studies committee, and Senate for approval process before submitted to DES for permanent storage in the Academic Records Management Information System (ARMIS).

5 Dates of Examinations

Annual, supplementary, and special examinations of the University shall be held at a time determined by the Senate, and will be announced at the beginning of the academic year.

6 Admission to Examinations

- 6.1 Only candidate who have been cleared for having paid all university fees.
- 6.2 Candidates who have met all requirements for pen and paper examination admission will be issued Examination Hall Tickets (EHT), automatically generated from Examination Registration System (ERIS). To be a valid document, usually EHT is verified and confirmed by the Director of Regional Center as guided by DES.
- 6.3 Candidates who have met all requirements for admission into oral examinations (OREX) will be issued the OREX Visa Card (OVC), automatically generated from the OREX software. The OVC is usually verified on the first five minutes of the OREX session by the Chief Examiner (CE) as guided by DES.

7 Conduct of Examinations

The university examinations shall be conducted through the Examinations Syndicate under the control of the Deputy Vice Chancellor (academic) or such officer of the University appointed by him/her.

Penalty

Any student/candidate or any OUT staff found guilty of interference with the conduct of an irregularity hearing as defined in Regulation 8.6 above shall be liable to:

- (a) Cancellation of the relevant examinations, or
- (b) Suspension from the University for a period of one academic year, or
- (c) Payment of fine which will be determined by the Irregularities Committee.

Any student/candidate found guilty of contravening Rule 8.6(b) and (f) (above) shall be discontinued from the University.

Any student/candidate found guilty of contravening Rule 8.6 (e) above shall be discontinued from the University and reported to The Prevention and Combating of Corruption Bureau.

If OUT staff is found guilty, he/she will be liable for payment of fine and to any other disciplinary action in accordance with the prevailing University disciplinary procedures.

8.7 Guidelines on Apprehension of a Suspect

When a student/candidate is suspected to be engaging in examination irregularities or malpractices, he/she should be apprehended immediately. In the apprehension of a suspect, the following should be taken into account:

- (a) A suspect should be handled in the appropriate manner to ensure that the privacy and bodily integrity of a person is not violated.
- (b) Body searches should be done in the presence of another person of the same sex.
- (c) The materials should be taken away as soon as they are found and kept as exhibits.
- (d) Identity of the suspect and possible witnesses should be recorded immediately.
- (e) A suspect should be allowed to proceed with the examination since he/she is presumed to be innocent until proved guilty provided that his presence does not disrupt the tranquility in the examination room.

8.8 Procedure for Hearing of Malpractice Cases

8.8.1 Hearing of examination malpractices and irregularities shall be done by the Examination Irregularities Committee (EIC) appointed by Senate.

8.8.2 The Irregularities Committee shall forward its findings and recommendations to the Undergraduate Studies Committee (UGSC) for all cases of undergraduate and non-degree programmes, and to the Research, Publication and Postgraduate Studies Committee (RPPC) for all cases of postgraduate students for final verdict and decisions.

8.8.3 In the handling of examination irregularities and malpractices, the Irregularities Committee or any other body hearing the case shall take into account the following principles of natural justice:

- (a) Fair and equal treatment of all students/candidates,
- (b) The opportunity to enter a plea of guilty or not guilty,
- (c) Fair hearing accorded to all students/candidates,
- (d) Right of students/candidates to appear and to defend themselves,
- (e) Staff not to sit in judgment of their own cause, and
- (f) Consistency in punishments.

*

8.9.1 Students wishing to exercise their right of appeal against a decision made by Senate subcommittees (UGSC/RPPC) should address the appeal hearing to the University Senate.

8.9.2 A student/candidate who pleaded guilty to an offence before the Irregularities Committee shall have a right of appeal only with respect to the gravity of the penalty.

- 8.9.3 A student/candidate who is dissatisfied with the decision of the Senate may appeal to the Senate Appeal Sub-Committee within 21 days from the date of receiving the letter communicating the decision. The appeal shall be accompanied by a non-refundable fee which shall be set by the senate and reviewed by it from time to time.
- 8.9.4 The appeal shall be in writing addressed to DVC (Academic) and copied to the Faculty /Institute where the student/candidate belongs stating clearly the grounds of appeal. The DVC (Academic) shall acknowledge in writing to the student/candidate receipt of the appeal.
- 8.9.5 The student/candidate appealing shall be notified in writing of the date when the appeal shall be heard and shall be given an opportunity to appear before the Committee and be heard.
- 8.9.6 The Senate Appeals Sub-Committee shall have power, on cause being shown, to allow the student/candidate present additional evidence which was not in his possession at the time of appearance before the Irregularities Committee.
- 8.9.7 In hearing the appeal, the Senate Appeals Sub-committee shall take into account the principles set out under Regulation 8.8.
- 8.9.8 The Senate Appeals Sub-Committee shall hear the appeals and make findings and recommendations to the SENATE whose decision on appeal shall be final and conclusive.
- 8.9.9 All appeals lodge in accordance with Regulation 8.9.3 shall be finally determined within a period of one year.

9 Progress from Year to Year

- 9.1 Candidates are required to clear all units they registered for in the year of study.
- 9.2 Units which are passed shall be recorded.
- 9.3 Units that are not passed shall be cleared after sitting for supplementary Examination done during ODEX sessions.

10 Classification of Degrees

- 10.1 In the classification of degrees a FIVE points system will be used in averaging the final grades:
- 10.2 The letter grades will be assigned the following points:

A	B+	B	C	D	E
5	4	3	2	1	0

- 10.3 Courses given for each degree have to be appropriately weighted by the units.
- 10.4 To get the score for each course, multiply the points, as in 10.2 by the appropriate weights, as obtained in 10.3 e.g., getting a B in a 2 unit course the score shall be $3 \times 2 = 6$.
- 10.5 The total score for the degree will be the total scores for all courses taken for the final, computed as in 10.4.

10.6 The average score for the degree will be computed by dividing the Total Score in 10.5 by the total weight obtained under 10.3.

10.7 The Final Classification of a degree will be as follows:

Classification	Range	Letter Grade
1st Class	(5.0 - 4.4)	A
Upper 2 nd	(4.3 - 3.5)	B+
Lower 2 nd	(3.4 - 2.7)	B
Pass	(2.6 - 2.0)	C

10.8 Rounding Off of GPA:

GPA figures will be presented to the nearest single decimal point to be rounded up for ≥ 0.05 and to be ignored for < 0.05 . As an example 3.36 will be taken as 3.4 while 3.34 will be taken as 3.3.

10.9 The range of marks will be as follows:

A	Excellent	(70% - 100%)
B+	Very Good	(60% - 69%)
B	Good	(50% - 59%)
C	Satisfactory	(40% - 49%)
D	Marginal Fail	(35% - 39%)
E	Absolute Fail	(0% - 34%)

11 Aegrotat Degree

Candidates who have completed their course of study but who have been absent, through illness from part of the final examination, may apply to the University for the award of an *Aegrotatdegree* in accordance with the following procedure as directed by TCU:

11.1 The head of the academic department must formally make the request to the Faculty/Institute Examination Board for the award of an Aegrotatdegree to the student in question.

11.2 The following details should be provided to the Examination Board:

- i) medical certificate or other statement of the grounds on which it is made and must be submitted as soon as possible after the last date of the examination to which the application refers;
- ii) the name of the candidate
- iii) the year of registration of the student;
- iv) the name of the degree programme in which the student was registered;
- v) the stage of the programme of study reached by the student at the time of illness;
- vi) any examination or assessment marks obtained by the student prior to his/her illness;
- vii) the number of credits needed for a student to graduate on that programme and the number of credits obtained by the student prior to his/her illness; and
- viii) details of any outstanding academic requirements according to the university's awards regulations.

11.3 The following guidelines shall apply to an examining body (Senate) in its consideration of the award of aegrotat award:

- i) The Senate should be satisfied that the candidate's prior performance shows on balance of probabilities that he/she would have passed, but the illness which occurred prevented him/her.
- ii) The Senate should be satisfied that the candidate is unlikely to be able to return to complete his/her study at a later date within a reasonable period.
- iii) The Faculty/Institute Board shall require the candidate to confirm in writing that he/she is willing to accept an aegrotat award.
- iv) Where the candidate is unwilling to do so, the Faculty/Institute Board shall seek for appropriate extension of the student's registration and permit the candidate to complete the examinations/assessment in question accordingly.
- v) An aegrotat degree, diploma, or certificate shall be unclassified and in all other respects, ungraded. An aegrotat award does not necessarily entitle the holder to registration with the professional body, or exemption from the requirements of any professional qualification, or progression to another academic programme or another stage of a programme which might otherwise be associated with the programme of study or award concerned.
- vi) No candidate shall be exempted from submitting and defending research thesis or from presenting Masters Dissertation (or equivalent presentation) where the program requires such a thesis or dissertation to be presented before graduation. It follows therefore that the examining body may not recommend the award of aegrotat degree if the missing component relates to research that is core before graduation.

11.4 *Status of an aegrotat degree*

An aegrotat award is a terminal award; however, it does not entitle the holder to practice a profession although it may be used for non-professional related employment.

12. Loss of Certificates

The Open University of Tanzania may issue another copy in case of loss of the original certificate on condition described in section 12.1-12:

12.1 These guidelines shall be applied to all categories of certificates other than transcripts, provisional results or statement of results.

12.2

12.3 Duplicate certificate shall be issued only when it is lost or destroyed irreversibly.

- (a) LOSS means and includes situations where a graduand has failed to find or trace a certificate after exercising a due diligent and reasonable search.
- (b) DAMAGE/DESTRUCTION means and includes all situations in which a certificate has been rendered incapable of any use as a result of damage or destruction

12.4 The applicant shall provide the damaged or defaced certificate if available.

12.5

12.6 Application should be made only by the graduand in the prescribed format. Application received on behalf of the graduand shall not be accepted.

12.7

12.8 Application by a third party can be accepted if a special power of attorney is duly presented on behalf of the graduand together with the other documents specified in paragraph 12.6

12.9 The following documents shall be presented to the Directorate of Examinations Syndicate for consideration of issuing a duplicate certificate

- (a) A sworn affidavit detailing the circumstances under which the original certificate was lost or destroyed.
- (b) A certified copy of loss police report.
- (c) Copy of notification issued in a newspaper for loss of certificate.
- (d) A receipt of prescribed application fee.

12.10 In case of DAMAGE/DESTRUCTION, the requirements of paragraph 12.6 (b), (c) are unnecessary

12.11 Duplicate certificate is to be surrendered to the Open University of Tanzania immediately if the original certificate is recovered by chance.

12.12 The replacement for a lost certificate shall be issued after 12 months from the date of the loss.

12.13 In case of a damaged certificate and if the same has been surrendered to the University, the duplicate copy shall be issued immediately after the University is satisfied with the level of damage.

12.14 The certificate issued shall be marked “DUPLICATE COPY” across it.

12.15 The loss or destruction of a certificate is a serious matter and a duplicate will only be issued at the judgment of the University. The University reserves the right not to issue a duplicate or to specify reasons for its decision.

12.16 The applicant shall be required to pay a certificate reprinting fee due to loss of certificate as approved by university from time to time.

13 Examination Appeal Procedures

13.1 Students’ appeals on academic grounds other than examination irregularities and malpractices shall be directed to the Deputy Vice Chancellor Academic (DVC ACAD). All Appeals under this section must be lodged within the PERIOD OF SIX MONTH from the date of publication of the results by or under the authority of the SENATE.

13.2 Except where unfair marking or other like irregularity in the conduct of any University Examination is alleged, no appeal shall lie in respect of any such examination on any grounds.

13.3 Students appealing for remarking will be required to pay the cost for searching the scripts, remarking, processing results, transportation of scripts to the examiners, and general administration costs. A fee of Tsh. 80,000 for Tanzanian nationals or USD 50 for non-Tanzanian nationals is applicable until when further reviewed by Senate. Faculties will have to seek approval of the DVC Academic for remarking, if they are

satisfied with the presented appeal case, after the candidate has paid a fee as set and approved by Senate.

14. TCU Guidelines on Posthumous Awards

An institution may award a posthumous qualification to a student who has died when close to completion of a programme. The procedure for posthumous award shall be as follows:

14.1 *Request to the relevant examination Body (Faculty/Institute Board) for the award of a posthumous degree.*

The Head of department in which the deceased student was registered should formally make a request to the relevant examination body for the award of a posthumous degree to the student in question.

14.2 *Examination Board*

The following details should be provided to the Faculty/Institute Examination Board:

- i) The name of the deceased student;
- ii) The year of registration of the student;
- iii) The name of the degree programme on which the student was registered;
- iv) The stage of the programme of study reached by the student at the time of death;
- v) The date of death;
- vi) Any examination or assessment marks attained by the student prior to death;
- vii) The number of credits needed for a student to graduate on that programme and the number of credits obtained by the student prior to death;
- viii) Details of any outstanding academic requirements according to the university's awards regulations.

14.3 *Examining Body (Senate)*

The following guidelines apply to an examining body (University Senate) in its request for a posthumous award:

- i) The Senate may award an unclassified degree in cases where there is strong evidence that the deceased student would have achieved a degree, as long as the amount of study the student carried out deserves the posthumous award to be given to the candidate, provided that:
 - a) for a UQF level 8-degree programme, the study completed by the candidate is greater than the amount normally associated with the UQF level 7 (Higher Diploma); and
 - b) for other UQF levels programmes, the candidate must have completed the minimum credits required for graduation in the respective programme.
- ii) The Senate may also consider the recommendation of a lower award than that for which the student was registered.
- iii) In cases where the deceased student owes fees to the institution, the institution may decide to disregard and write off the debt.

14.4 *Endorsement of documents*

The University shall ensure that the word "posthumous" is endorsed on all official documents associated with the award of a posthumous qualification. These may include transcripts, testimonial statements and other student records.

14.5 *Holder's name*

Posthumous degrees will be awarded in the name of the deceased student and may be announced at the necessary relevant graduation ceremony, if the next of kin so desires.

15 *Preservation of Scripts and Release of Examination Results*

15.1 The University shall preserve the student's scripts for the purpose of reference for a period of five years. After this period the scripts may be destroyed, and no appeal concerning such scripts shall be considered.

15.2 The provisional results of candidates in every examination, arranged in a manner as prescribed by Senate, shall be published by the Dean of the relevant Faculty soon after the Faculty Board meeting but the results shall not be regarded as final until they are confirmed by Senate.

16 *Conduct of Examinations*

16.1 Candidates shall be required to appear physically for the examinations at the approved examination centres for all pen and paper examinations or online through audiovisual web conferencing for oral examinations.

16.2 An invigilator for pen and paper or examiner for oral examinations appointed by the University shall be responsible for the proper conduct of the examination. The Invigilator and Examiner will submit signed declaration that the regulations have been duly observed throughout the examination.

16.3 All candidates will be required to sign the attendance register.

16.4 Candidates shall be required to observe any general instructions that may be given by an Invigilator or Examiner, and to note carefully any instructions that appear at the question paper.

16.5 Examinations shall be held on the dates shown on the timetable and all papers shall be sat on the times specified.

16.6 Candidates shall be required to be physically in their places at least thirty minutes prior to the time prescribed for the commencement of any pen and paper examination. Candidates will have to satisfy themselves that they are in possession of the correct question papers. For OREX examinations, candidates should appear online instantly before commencement of the OREX session.

16.8 For a pen and paper examinations, no candidates shall be allowed to enter the examination room before being permitted by the Invigilator and more than half an hour after a paper has been distributed to candidates. No candidate shall be permitted to leave the room until half an hour has elapsed after a paper has been distributed to the candidates.

16.9 In case of an examination irregularity other than cheating the Invigilator may, at his/her discretion take any action which in his/her view is necessary and reasonable under the circumstances.

- 16.10 The Invigilator shall report in writing to the DES who shall communicate with the Dean of the relevant Faculty any exceptional circumstances considered likely to prejudice a candidate's performance.
- 16.11 It shall be the responsibility of every candidate to see to it that orderliness and tranquility are maintained in an examination room.
- 16.12 Question papers for any given examination shall not be taken out of the examination room.
- 16.13 No candidate shall leave the examination room during the last ten minutes of the time allocated, except in case of emergency.
- 16.14 No candidate shall be allowed to enter or leave an examination room with an empty or used answer book.
- 16.15 Cellular or mobile phones are strictly prohibited during examination and in the examination room.
- 17 **Notes to Invigilators**
- 17.1 Procedure in the examination room before the examination:
- 17.1.1 Invigilators should be present in the Examination Room at least thirty minutes before the commencement of the examination.
- 17.1.2 Invigilators should check if the sitting plan for the examination room has been prepared.
- 17.1.3 Invigilators will be provided with the following items by the University Examinations Officer or his/her Representative:
- (i) Sealed envelopes containing question papers must be personally collected by each Invigilator from the strong rooms at most thirty minutes before the examination session.
 - (ii) Attendance register showing a list of candidates for each examination to be attempted in the examination room. This will be distributed to Invigilators in advance in a form of a master list for the University examinations.
- 17.2 Invigilators must ensure that ONLY ONE answer-book is provided for each candidate unless the rubric on the question papers requires otherwise. The answer-book must be filled before any additional paper is provided.
- 17.3 The Invigilator must show the sealed envelope containing question papers to all candidates and attract their attention to the intactness of the seal before breaking it and opening the envelope. He/She can do this by raising up the envelope.
- 17.4 Question papers and any other material prescribed in the rubric (e.g. log tables, charts, etc.) should be set out by the Invigilator with the help of the Internal Examiner or the Director of Regional Centre.
- 17.5 Invigilators should admit candidates to the Examination Room ten minutes before the commencement of the examination and they should ensure that they take the right

places. Handbags, books, papers and other similar articles must be deposited with the Invigilator before the candidates are permitted to go to their places. Where big numbers of candidates are involved, Invigilators may admit candidates to the examination room fifteen minutes in advance or more.

17.6 During these ten or fifteen minutes, the Invigilator should:

- 17.6.1 Make an announcement to the effect that candidates should satisfy themselves that they are in possession of the correct paper.
- 17.6.2 Call attention to any rubric at the head of the paper which seems to require attention.
- 17.6.3 Announce to the candidates when they may begin writing. Candidates will normally be allowed five minutes to read the paper.
- 17.6.4 Not admit candidates to the examination room after half an hour from the commencement of the examination and should not permit them to leave the room until thirty minutes have expired.

18 Practices during the Examination

18.1 At the commencement of the examination, Invigilators should remind candidates to ensure that they are attempting the right examination paper.

18.2 At the end of the first half hour the total number present should be noted down and a sitting plan prepared. Invigilators should then collect all the blank answer-books from all vacant places. Spare question papers should be returned to the correct envelopes for returning to the Internal Examiner.

18.3 During the examination, Invigilators should ensure that candidates are provided with any additional requirements (e.g. scripts, blotting-paper, log-tables etc.) Candidates may be permitted to do rough work on the left-hand margin of the scripts on the understanding that this is crossed out at the end of the examination. No candidate should be permitted to leave his place during the examination except to leave the examination room.

18.3.1 A candidate who contravenes these regulations and instructions governing the examinations, especially by unfair practices such as copying from or communicating with other candidates, shall be reported immediately to the examinations officer or regional centre director or any other person designated by the university for that purpose.

18.3.2 Invigilators shall enter the number of examination scripts collected from the candidates on the Attendance Sheet provided by the office of the Dean at the time of collecting the Examination paper. Invigilators shall sign the said Attendance Sheet before they hand over all the scripts to the Internal Examiners who must be present in the examination rooms. On receipt of the scripts Internal Examiners will check them and sign on the collection form. The attendance Sheets must be handed to the Examinations Officer at the end of each session.

18.4 General

18.4.1 Invigilators are required to attend in the examination rooms at the commencement of each session to assist the Chief Invigilators and to

collect the scripts. Instructions in the examination room shall be announced by the Chief Invigilators.

18.4.2 Cases of illness during the examination sessions should be reported to the Chief Invigilators or Directors of Regional Centres as soon as possible.

18.4.3 Invigilators shall have the authority to confiscate any unauthorized material, manuscript, or other aid brought into the examination room and to expel from the examination room any candidate that creates a disturbance.

18.4.5 Academic staff who are suspected of involvement in leakage of examination, or for assisting students to cheat in any way, shall be sent to the Staff Disciplinary Committee.

19 Regulations Governing the Position and Conduct of Internal Examiners

The Director of the Examinations Syndicate (DES) shall co-ordinate all examination matters for the whole Institution and shall be directly answerable to the Deputy Vice-Chancellor (Academic).

19.1 The annual University examinations shall be conducted under the control of the Deputy Vice-Chancellor (Academic) with the Director of the Examinations Syndicate.

19.2 The DES will liaise with the Deans of Faculties/Heads of Academic Departments and issue invigilation guidelines for the examination in the courses at the University.

19.3 No Tutorial Assistant will be approved to be an internal examiner, unless conditions are such that such a Tutorial Assistant has proven to have some exceptional capabilities to warrant him or her to be permitted to set and mark examinations as an internal examiner.

19.4 An internal examiner, examination officer or any other officer connected with the preparation of the examinations who conducts himself or herself in such a manner as to cause leakage of examination question(s), shall be disqualified of the responsibilities entrusted to him or her and disciplinary action shall be taken against him or her.

20 External Examiners

The Dean or Director shall propose names of recognized academicians and professionals of the course(s) taught at the University to be external examiners. The names of the external examiners shall be approved by the Senate together with those of the internal examiners. For each course there shall be at least one external examiner who shall be an academician or a practitioner.

20.1 On the first appointment of any external examiner such person so appointed shall provide the office of the Deputy Vice Chancellor (Academic) with his/her curriculum vitae and the same shall be communicated to the Senate for approval of the appointment.

- 20.2 The appointment of the external examiner shall be limited to three consecutive academic years though such person is liable for re appointment after another three consecutive academic years have elapsed.
- 20.3 The office of the Deputy Vice Chancellor (Academic) shall ensure that as soon as practicable, relevant draft examination questions are sent to the appointed external examiners for moderation and where required, comments of the external examiner are incorporated in the examination questions before delivery to the data base of examinations for permanent storage.
- 20.4 The internal and external examiners when marking the answer books will have to use red marking pens. Pencils are prohibited.
- 20.5 After the panel marking of examinations, the external examiners, will be invited to make sampled marking and check the overall marking process. The External examiners shall prepare a report, which shall be presented to the Faculty Board. The report so prepared must take note of the extreme cases, that is, the highest and lowest cases, standards of examinations, consistency in marking and performance pattern.
- 21 **Academic offences for which a student can be charged**
- 21.1 All cases of alleged examination irregularities shall be referred to the Undergraduate Studies Committee. The Committee shall have the power of summoning students and members of staff or any other person as it deems necessary to testify before it. The Chairman shall submit a report of the Committee's findings and recommendations to the Senate for further action.
- 21.2 The integrity of university life and the degrees that the University confers is dependent upon the honesty and soundness of the learning process as well as that of the evaluation process. Conduct that adversely affects this relationship or process is considered a serious academic offence.
- 21.3 Misrepresenting or aiding another person to misrepresent material facts for the purpose of gaining admission, enrollment or academic advantage.
- 21.4 Committing or aiding another person or persons to commit an act designed to misrepresentation applicant's academic status or eligibility for admission or enrolment or for receiving transfer credit.
- 21.5 Submitting the words, ideas, images or data of another person as one's own in any Academic writing, essay, thesis, research, project or assignment in a course programme of study. Any plagiarism that exceeds 30% of the total volume of the work will be rejected outright.
- 21.6 Obtaining or attempting to obtain information from another student or other unauthorized source or giving information to another student or knowingly possessing, using or attempting to use any unauthorized materials in the course of an examination.
- 21.7 Representing or attempting to represent oneself as another or having or attempting to have oneself represented by another in the taking of an examination, preparation of a paper or other similar activity.

- 21.8 Submitting in any course or programme of study without both the knowledge and approval of the person to whom it is submitted, all or a substantial portion of any academic writing, essay, thesis, research, report, project or assignment for which credit has been previously obtained or which has been or is being submitted in another course of study in the University elsewhere.
- 21.9 Submitting in any course or programme of study any academic writing, essay or thesis, research project or assignment containing a statement of fact known by the student to be false or a reference to a source which has been fabricated.
- 21.10 It shall be an offence knowingly to procure, distribute or receive any confidential academic materials such as pending examinations, tests, assignments or laboratory results from any source.
- 21.12 Any appeal pertaining to the conduct of any University examinations and marking of scripts must be lodged with the appropriate university authorities within three years from the date of publication of the results by or under the authority of the Senate.

22 Issue of Certificates and Transcripts

- 22.1 Certificates, Diplomas, and Degrees for awards approved by Senate shall be issued after being approved by Senate, for candidates who complete the clearance process.
- 22.2 Transcripts for all university awards may be issued by the office of DVC Academic upon request, as soon as the results have been approved by Senate.
- 22.3 Fees for the printing and collection of transcripts and academic certificates shall be set by Senate and announced from time to time.
- 22.4 Replacement of certificate may be done subject to approval by the Chairman of Senate, after the relevant replacement fees have been paid.

23 Regulations for issuance of certificates

- 23.1. The subsequent regulations shall be observed when issuing various certificates offered by the Open University of Tanzania.
- 23.2. The certificates declared in these regulations shall include the following:
- (i) Degree certificates
 - (ii) Academic transcripts
 - (iii) Postgraduate diploma certificates
 - (iv) Diploma certificates
 - (v) Foundation programme certificates
 - (vi) Provisional results/statements of results

The University may issue certificates other than those prescribed in Article 23.2 with the approval of the University Senate.

- 23.3. (a) The regulation for signature, seal and number of issue of copies for the above certificates mentioned in section 23.2 shall be as follows;

S/N	Name of Certificate	Signature	No. of Copies	Seal
1	Degree certificate	VC, DVC(AC)	1	OUT Seal
2	Academic transcripts	DVC(AC), Dean/DICE/DIEMT	Unlimited	DVC(Ac) and Dean/DICE/DIEMT stamps

DIRECTORATE OF POSTGRADUATE STUDIES

The Directorate of Postgraduate Studies (DPGS) under the office of the Deputy Vice Chancellor has and continues to coordinate postgraduate matters at the university. This is done through a close collaboration with other faculties and directorates in the process of administering the admissions, supervision and examination arrangements. The Directorate continues to ensure students comply with the TCU quality assurance general guidelines and minimum standards, University policies and regulations and procedures relating to admissions of postgraduate students, maintain records of applicants and students, build capacity of supervisors, monitoring the progress of Postgraduate Research Students (PhD and Master by Thesis) and organize oral examinations for dissertations and viva voce for PhD and Master by thesis. The Directorate is headed by the Director who is assisted by the Associate Director and three heads of departments namely Admissions and registration, Supervisions and records, Examinations and Quality Assurance. Whereas the directorate mainly deals with PhD and Master by Thesis, it also provides an overall administrative support for the postgraduate programmes under different faculties. Detailed information on various programmes is available on OUT website, www.out.ac.tz, or in this prospectus under the respective academic units as well as in the Postgraduate hand books of The Open University of Tanzania.

GENERAL REGULATIONS AND GUIDELINES FOR HIGHER DEGREES AT THE OPEN UNIVERSITY OF TANZANIA

1.0 How to Apply

2.0 Postgraduate Diplomas

2.1 *Minimum Entry Qualifications*

A candidate aspiring for admission to a Postgraduate Diploma should hold at least a Bachelor's Degree or its equivalent

2.2 *Mode of Study*

Candidates registered for a Postgraduate Diploma shall carry out studies by coursework, examinations and independent study.

2.3 *Duration of the Programme*

Completion of the study will depend on individual study efforts but the maximum period a candidate is allowed is three years; the minimum period required varies from programme to programme. Any extension beyond the recommended maximum duration must be approved by Senate. A charge of Tsh. 50,000 will be paid by the student as an extension fee prior to approval by Senate.

- (i) The number of units to be taken by a candidate will be determined by each Faculty/Institute and is shown in appropriate pages of this Prospectus.

2.4 *Course Evaluation*

Candidates will be evaluated by assessment procedures determined by each Faculty/Institute and as shown in appropriate pages of this Prospectus.

3.0 Admissions into Master's Degree

3.1 *Minimum Qualifications for a Master's Degree*

- (a) For admission to the Master's Degree of The Open University of Tanzania a candidate shall either hold a degree of The Open University of Tanzania or a qualification from an approved institution of higher learning, deemed to be equivalent to a degree of The Open University of Tanzania of not less than GPA 2.7.

- (b) Candidates who hold unclassified degrees should have a credit or, a distinction in the subject of the intended Master's Degree. Candidates with a Pass Degree will also be considered for admission if:
 - (i) Their undergraduate performance in the proposed subject of study was a B grade average or above; *and*
 - (ii) They have satisfied the relevant Faculty/Institute that they have exhibited academic potential through extensive field work, subsequent research experience and/or additional training.
- (c) Candidates for Masters Degree by thesis should in addition to the above have extensive or rich experience in research in the area of study. Such candidates must also publish at least two papers in local journals or refereed conference proceedings or one paper in an international journal or refereed conference proceedings.

3.2 Coursework Delivery for Masters Programmes

OUT have been running its postgraduate courses through distance mode, evening mode and executive mode. Nonetheless, all OUT programmes will be offered through a blended/hybrid mode (a blend of distance and executive modes of delivery) from 2016/2017 academic year. Blended mode of delivery gives more students access to education and reduces learning costs to both students and the university. Further, the mode eases communication among students and their lecturers irrespective of their locality and further gives students' opportunity to learn through multimedia. The mode also caters for the needs of students whose duties could not allow attending evening or executive classes. The mode allows for the possibility of learning offline and series of face-to-face seminars are expected to change students' attitudes on learning through the mode.

3.3 Duration of the Programme

Completion of the study will depend on individual study efforts but the maximum period a candidate is allowed is five years for Masters by coursework and 6 years for Masters by Thesis. The minimum period required varies from programme to programme. Any extension beyond the recommended maximum duration must be approved by Senate. A charge of Tsh. 50,000 will be paid by the student as an extension fee prior to approval by Senate.

The number of units to be taken by a candidate will be determined by each Faculty/Institute and is shown in appropriate pages of this Prospectus.

3.4 How Blended Delivery Mode works

In this blended mode, students learn through e-learning platform called MOODLE. Through this platform, students are registered into the system and a lecturer for each course uploads documents to be read in one week. In week 2, a lecturer posts a discussion question and appoints two students to propose a model answer. Other students do discuss online by posting their comments on the model answer. To complete one course there will be six parts (Knowledge Areas) equaling to 12 weeks of learning for each course. There will be three modules (trimesters) of about 12 weeks each required to complete the coursework. For example, if the programme has 6 taught courses in total, for each module, there could be two courses (i.e two lecturers). For each course there is take home term paper (assignment) to be given to students in the second half of the respective trimester); and final comprehensive

examination at the end of trimester. The online discussions weigh 20%, term paper 30% and final exam 50%. The lecturers do monitor accuracy of contributions each student makes when discussing to constitute the 20%. The examination is done by students at any regional centre when they are ready. Students are highly recommended to participate in the discussions for all the 6 parts of the course in the MOODLE platform for them to be passing final examinations with ease.

The final examination is done after short Face to Face sessions after consultations with students. There will be two face to face sessions. The first one is done once, this is for orienting new students before the programme starts. The objective is to officially launch the programme and orient students on how to use MOODLE and how to register and modify their profiles in MOODLE platform. This takes about 2-4 days, normally on/around weekend in Dar es Salaam or at any regional centre with required minimum number of participants in the respective programme. If students can't afford to come to Dar, they are advised to visit any of OUT's regional centres where we have ICT technical staff who can register them into MOODLE system and orient them on how to use the MOODLE platform. In the first face to face, all lecturers are encouraged to be around but most of the orientation is done by the programme coordinator and the HoD. The second F2F is done at the end of each trimester where the lecturers involved in the trimester do meet with students whereby each lecturer spends about 2 days hence 4 days for the two courses. The second Face to Face sessions are optional for students. During Face-to-Face sessions lecturers do respond to difficult areas encountered during reading the documents and also during the discussions. It is also the time lecturer may insist or clarify on some academic issues that are of interest to students. The Face-to-Face sessions (first or second) can be conducted in any regional centre with at least 10 students. This implies that one does not have to leave workstation to do this course (and other OUT courses).

3.5 Registration for Master's Degree by Thesis

3.5.1 Candidates who intend to do their Masters Degree by thesis will have to observe the following procedures:

- (a) Registration for studentship after satisfying admission requirements (**Appendix I**)
- (b) Submission of a substantive and comprehensive research proposal, within six months of registration to the relevant Faculty/Institute. The research topic and supervision arrangements must then be tabled in the Research Publication and Postgraduate Committee (RPPC) for onward transmission to Senate for approval. Once Senate approves, the student becomes a candidate for the award of the degree sought.
- (c) Guidelines on the writing of a detailed research proposal is detailed in Appendix II

3.5.2 Candidates registered for Master's degree programme by thesis may, on the recommendation of the relevant Faculty/Institute Board, be required to do one or more formal courses appropriate to their fields of study including Research Methodology incorporating computer applications.

3.5.3 Upon admission, such a thesis candidate shall be assigned a supervisor(s) appointed by Senate on recommendation of the Research, Publication and Postgraduate Committee (RPPC). The supervisor(s) will guide the candidate in his/her research and

shall submit periodic reports once every six months on the candidate's progress. The format of the progress forms is shown in Appendix VII.

- 3.5.4 Candidates doing masters by thesis may from time to time be required to give seminar presentations, before they submit their final document for examination by internal and external examiners.
- 3.5.5 Other regulations on duration of registration, submission of dissertation/thesis, examination of dissertations/thesis are the same as those which appear below in the section dealing with Masters Degree by coursework and dissertation.

3.6 Registration for Master's Degree by Coursework and Dissertation

- 3.6.1 Candidates shall be registered for the Master's Degree by coursework followed by research leading to a dissertation. No student shall be registered prior to payment of fees or without producing a written commitment of payment of the required fees.
- 3.6.2 Each candidate shall be assigned a supervisor(s) appointed by Senate on the recommendation of the Research, Publication and Postgraduate Committee (RPPC) of Senate before the end of the coursework. The supervisor(s) will guide the candidate in his/her research and shall submit to the Dean/Director of the relevant Faculty/Institute periodic reports (once every six months) on the candidate's progress.
- 3.6.3 Deadline for registration shall be the end of the fourth week of the new academic year.

3.7 Coursework Evaluation for Master's Degree

- 3.7.1 Candidates registered for a coursework and dissertation programme shall do coursework and sit for final examinations following assessment procedures approved by the relevant Faculties/Institutes in collaboration with the Directorate of Examination Syndicate.
- 3.7.2 The coursework portion shall consist of a minimum of 12 units (120 credits) of postgraduate courses including all the core courses, specified by each Faculty. Candidates whose first degree are considered deficient may be required to take one or more undergraduate courses in addition to the minimum postgraduate requirements.
- 3.7.3 Candidates shall be allowed to proceed with the dissertation research phase of the Master's programme provided they have less than 3 courses remaining to complete the course work part. Before they can graduate the candidates must successfully complete the entire coursework part with a mean overall grade of 'B' in all courses designated for the respective degree programmes.
- 3.7.4 The pass mark for both core and elective courses shall be a 'B' grade average. Candidates whose average pass are below the indicated average grade above, shall be required to do supplementary examinations in the subjects failed if the overall GPA is at least 3.0. The maximum grade for a course that has been supplemented shall be a B.
- 3.7.5 Candidates whose overall grade point average is below a 'B' (i.e., below GPA of 3.0) on the coursework part shall be discontinued from studies.
- 3.7.6 A candidate failing in not more than two papers and has a GPA of 3.0 or more, shall be required to do supplementary examination.

3.7.7 Candidates failing supplementary examinations shall be required to repeat the course

3.7.8 The grading system for examination in all Faculties and Institutes shall be:

<i>Grade</i>	<i>Marks</i>	<i>Grade Point</i>	<i>Quality</i>
A	70-100%	4.4 - 5.0	Excellent
B+	60-69%	4.0 - 4.3	Very Good
B	50-59%	3.0 - 3.9	Good/Pass
C	40-49%	2.0 - 2.9	Marginal Fail
D	35-39%	1.0 - 1.9	Fail
E	0-34%	0 - 0.9	Absolute Fail

In calculating the final GPA, the total grade points of all subjects is divided by the total units. GPA will be rounded to the nearest single decimal as explained in section 10.8 of the undergraduate examinations' regulations.

3.7.9 Before commencing research for the dissertation, a candidate shall submit for final approval by the Faculty Board a concise proposal of the research. The Faculty Board at its discretion may decline to approve the proposal or recommend revision if:

- (a) In its opinion, it is unsuitable in contents; and
- (b) The conditions under which the candidate proposes to work are unsatisfactory.

3.7.10 All cases of alleged examination irregularities shall be referred to the Research, Publication and Postgraduate Committee (RPPC) of Senate. The Committee shall have powers of summoning students and members of staff as it deems necessary. The Committee shall submit a report of its findings and recommendations to Senate for approval, prior to any action. Any Candidate who shall be shown to have cheated in any part of the examination shall be discontinued from studies.

3.8 Plagiarism

3.8.1 Submitting the words, ideas, images or data of another person's work in any academic writing, essay, thesis, research or project without due acknowledgement of sources will amount to plagiarism. The plagiarism level will be determined by software (i.e. turnitin) and evidence from the examiners. Any plagiarism that exceeds 30% of the total volume of work, the matter will be reported to the Postgraduate Committee which will deliberate the matter and report it to the Senate to deregister or take any other action.

3.9 Submission of Dissertation

3.9.1 Candidates who qualify to continue with the research after the coursework part shall be required to submit, in partial fulfillment of the Master's Degree requirements a dissertation before the expiry of the registration period (i.e., after 5 years from the date of registration).

3.9.2 Three months before submitting a dissertation a candidate shall, through his/her Supervisor and Faculty, give notice in writing to the Chairman, Research, Publication and Postgraduate Committee (RPPC) of the Senate, showing his/her intention to submit the dissertation. Examination arrangements proposed by the relevant Faculty/Institute should accompany the notice (**See Appendix VIII**).

3.9.3 The dissertation shall contain a statement of copyright by the author as follows:

"No part of this dissertation may be reproduced, stored in any retrieval system, or transmitted in any form or by any means without prior written permission of the author or the Open University of Tanzania in that behalf".

- 3.9.4 A dissertation submitted for the Master's degree must follow OUT guidelines as indicated in Appendix V).

- i) Examination of thesis by external and internal examiners
- ii) Oral examination (viva voce)

4.4.2 For every Ph.D. candidate the Senate shall appoint, on the recommendation of the relevant Faculty/Institute Board and the Research, Publication and Postgraduate Committee (RPPC), at least two qualified examiners, one of whom shall be external to the Open University of Tanzania and one shall be the internal examiner who has not supervised the candidate.

4.4.3 Each examiner shall summarize his/her report about the thesis with a definite recommendation for one of the following actions:

- i) The thesis submitted is of an acceptable standard and passed from him/her and only then the candidate be allowed to sit for a viva voce examination.
- ii) The thesis be rejected but may be re-submitted after a further period of research and/or study ranging from 9-12 months.
- iii) The thesis be re-written for re-submission for a Master's degree award.
- iv) The thesis be rejected outright.

4.4.4 Where there is disagreement among the examiners, the guidelines stipulated under the Master's by thesis programme shall be used.

4.4.5 A resubmitted thesis will be rejected after being marked twice by the examiner (s).

4.4.6 For a candidate to sit for the viva voce examination, he/she has to pass from both external and internal examiners.

4.4.7 Candidates allowed to sit for viva voce will be examined to ascertain that-

- (i) The thesis presented is the original work of the candidate.
- (ii) The broader subject area in which the study is based is fully grasped by the candidate and
- (iii) Give the candidate an opportunity to defend the thesis, clarify any obscurities that the examiners have identified and discuss the subject of the thesis in its disciplinary and/or interdisciplinary context.
- (iv) Enable the candidate to demonstrate a firm understanding of the field of research and thus give the examiners an opportunity to assess the candidate's broader knowledge of the field or discipline within which the thesis falls.
- (v) Just before the oral examination on the day of viva voce, there shall be a pre-viva meeting, which shall normally not exceed 10 minutes, which will allow the examiners to agree the broad strategy for the oral examination- who will ask which questions and in what order.

4.4.8 The *viva voce* examination panel:

- (a) Shall comprise six members appointed by the Senate through the relevant Faculty Board and the Senate's Research, Publication and Postgraduate Committee (RPPC).
- (b) Shall have members so selected to ensure that the candidate is examined by sufficiently qualified and experienced scholars in his/her research (or related) areas. Members should be Ph.D. holders.
- (c) Shall be composed of the following:
 - i) Chairman (with non-voting power)

- ii) External Examiner who examined the thesis
 - iii) Internal examiner who is an academic staff from the OUT who have examined the thesis
 - iv) Dean or Appointee of the Dean of Faculty where the candidate is registered.
 - v) Head or Appointee of the head of Department where the candidate is registered.
 - vi) A representative from the directorate of postgraduate studies (DPGS) to ensure issues of quality and examination procedures is adhered to during the viva voce examination.
 - vii) Supervisor (silent observer)
- 4.4.9 Faculty dean and Head of departments shall appoint members of examination who are specialist in the discipline where the research was carried out. They can also attend provided that they are also specialist in the subject matter.
- 4.4.10 Panelists who are unable to be present at the viva voce examination shall submit their viva voce examination questions to the Dean of the Faculty who shall appoint their representatives to attend the viva voce examination on their behalf.
- 4.4.11 The viva voce panelists shall be provided with full texts of the thesis, examiners' reports and copies of the candidate's thesis at least two weeks before the date of the oral examination. Furthermore, viva voce panelists must submit their detailed reports and questions to DPGS at least two days before the viva voce examination.
- 4.4.12 The viva voce panelists shall, as far as possible sign the viva voce recommendation forms to arrive at a unanimous decision of the candidate's results of the Ph.D. Where the panelists are unable to reach unanimous agreement as to whether the candidate passes or fails, the chairperson should vote to arrive at a decision. A majority vote in favor of passing the candidate shall be required for passing the Ph.D examination.
- 4.4.13 At the end of the viva voce examination, which shall normally not exceed three hours the panel members shall sign an examination results form, giving specific recommendation for one of the following actions). After the viva voce examination, panelist members shall discuss the student's presentation and how he/she managed to respond to the questions. After deliberation on the candidate's performance during viva voce examination, the examiners shall agree upon a final joint report as indicated in Appendix VI giving their recommendation on the outcome of the examination and their comments on the Thesis and the candidates performance at the oral examination. Also, while it is expected that all examiners will each contribute to the examination process, but the external examiner shall take the lead role including giving priorities to his/her prior verdict of the Theis.
- (a) The Ph.D. degree be awarded to the candidate unconditionally (no additional corrections in the thesis are required).
 - (b) The degree to be awarded to the candidate subject to typographical corrections and/minor corrections.
 - (c) The degree to be awarded to the candidate subject to substantial corrections and reversion as indicated in the examination report.

- (d) The degree not awarded as it is; but the candidate be allowed to re-submit the corrected dissertation after one or more of the following:
 - i) Additional data collection
 - ii) Additional analysis
 - iii) Re-writing
 - iv) Additional literature review
 - v) Others (to be specify on separate sheet Candidate fails outright (reasons detailed in viva voce proceedings).
 - vi) Candidate fails outright (reasons detailed in viva voce proceedings).
- 4.4.14 If a dissertation or thesis is passed subject to substantial corrections and revisions, a chairperson of the panel will formulate a small committee of **TWO** members consists of internal examiner and head of the department to oversee and verify the corrections. A candidate will be required to fill in the correction matrix form as indicated in **Appendix XII** and submit the revised work to the head of department for distribution to the committee members. The selected committee members will be required to submit their reports to DPGS within 7 days after the students' submission.
- 4.4.15 A dissertation or thesis passes unconditionally (no additional corrections in the thesis are required) must be submitted for degree award within one month from the date of the examination.
- 4.4.16 A dissertation or thesis passed subject to minor corrections and revisions as detailed in the external and internal examiners as well in the viva voce proceedings must be submitted for degree award within two months from the date of the examination.
- 4.4.17 A dissertation or thesis passed subject to substantial corrections and revisions as indicated in the examination reports must be submitted for degree award within six months from the date of examination. The internal examiner shall verify the corrections.
- 4.4.18 A dissertation or thesis not accepted as it is but the candidate be allowed to revise and resubmit for re-examination must be re-submitted within twelve months from date of examination.
- 4.4.19 The Chairman of the viva voce panel shall submit to the Senate's Research, Publication and Postgraduate Committee (RPPC) the recommendation of the panel and a comprehensive report approved by the oral panelists.
- 4.4.20 Upon submission, an error-free letter will be issued by the supervisor to assure that the students' work conforms to The OUT inhouse style and that the candidate has incorporated the changes as suggested by the examiners. A sample of an error free letter is available in Appendix XIII of this prospectus.
- 4.4.21 The final decision on the award of the PhD shall be made by the Senate on recommendation of the Research, Publication and Postgraduate Committee (RPPC).

5.0 Guidelines for the Supervision of Higher Degree Candidates

5.1 General Duties and Responsibilities of Supervisors

- 5.1.1 The supervisor is the University's agent in ensuring that: -

- i) A particular higher degree candidate is maintaining satisfactory progress.
- ii) The candidate receives adequate advice and encouragement on the thesis/dissertation research project;
- iii) The work being done on the thesis/dissertation is reviewed critically and on a continuous basis.

5.1.2 From the University's point of view, a positive attitude and relationship between the supervisor and the candidate is essential in order to:

- i) Ensure that the candidate completes the research work he/she has started.
- ii) Be able to identify difficult problems on inadequate work early enough to avoid unnecessary frustrations for the candidate.

5.1.3 Since the Supervisor is the agent of the University to ensure that the student's work attains a satisfactory standard, he/she has the duty to acquaint himself with all the University's Higher Degree Regulations. He/she also has the responsibility to know his/her student and to be familiar with whatever special problems he/she may have, and with details.

5.1.4 The Supervisor should know the distinction between his/her expected role when supervising Master's research candidates as compared to Ph.D. candidates. Thus he/she understands that:

5.1.5 The Master's Research Programme is designed primarily as a training course by means of which the candidate will:

- i) Be exposed to the fundamentals of research
- ii) Acquire certain new skills and techniques
- iii) Learn how to present the results of research in a scholarly manner.
- iv) Make some important contribution to knowledge.

Because he/she lacks previous research experience the Master's degree candidate requires close and careful supervision at all times, but more so during the early stages when learning the research techniques and also at the time of thesis writing or when undertaking to present the results of research in a scholarly manner for the first time.

5.1.6 The Ph.D. in contrast, is recognition of successful postgraduate research experience. Here the supervisor should recognize that the candidate had already acquired some training experience in research when he/she was a Master's candidate. What is expected of the Ph.D. candidate is thus far much more than what has been outlined above for the Master's candidate. Here the Supervisor expects the candidate to:-

- i) Make a distinct contribution to new knowledge of facts and/or theory;
- ii) Produce considerably more original work than required for the Master's programme;
- iii) Manifest greater depth and breadth in his/her review of the relevant literature than is the case for the Master's candidate;
- iv) Be more critical in his/her analysis of the data he/she has collected and
- v) Exercise more initiative in his/her research than for the Master's degree research candidate.

After the first or second year the Ph.D. candidate should be able to work independently and to be guided rather than directed by his/her supervisor. Still, it is the responsibility of his/her supervisor to guide the candidate in the right direction.

- 5.1.7 The Supervisor has the responsibility of assisting the higher degree candidate in the formulation of an appropriate higher degree research project. The proposed research topic must be approved by the relevant Boards (i.e. Faculties and Senate's Research, Publication and Postgraduate Committee (RPPC)) and Senate before the candidate commences the research.
- 5.1.8 The Supervisor has the responsibility to focus ahead and see the potential and limitations of the research problem before the candidate goes far with the research work. He/She should be capable of seeing, through his previous research experience, whether or not the candidate will get meaningful data within one to three years of research, whether or not the proposed research problem is a long term one not fit as a higher degree research topic, etc. Supervisors must have this kind of insight in order to significantly reduce the common problem of "students wasted efforts" to a minimum.
- 5.1.9 The Supervisor has the responsibility to monitor the candidate's progress throughout the research period. There are various methods through which he/she can be kept in close touch with the student's research progress including:
- 5.1.9.1 Requesting the candidate to submit periodic reports about his research findings. The reports may well constitute drafts of the final thesis. In reviewing them the Supervisor should take the opportunity to advise the candidate on matters of presentation and if necessary, to give suggestions where modifications are required.
 - 5.1.9.2 The Supervisor should use such reports as a basis for writing his/her own report to the Research, Publications and Research, Publication and Postgraduate Committee (RPPC) on the Candidate's research progress and the basis for recommending the upgrading of the candidate's registration from the Master's to Ph.D. programme, or if need be recommending him/her for discontinuation from studies
 - 5.1.9.3 Regular consultation between the candidate and the supervisor to discuss the research work is advised. Frequent consultations help to make the Supervisor aware of new problems in the student's research since the last report and to suggest remedial measures before it is too late.
 - 5.1.9.4 Organizing seminar presentations by the candidates. A seminar presentation by the candidate to the relevant Department about his/her research work gives him/her an opportunity to think more critically about his/her work, and also a unique opportunity of being criticised by others while standing on his/her own. The supervisor should thus ensure that his/her higher degree candidate delivers at least one seminar during the first year of his/her research undertaking.
- 5.1.10 The Supervisor also has the responsibility to ensure the candidate has given an appropriate title to his/her thesis work at the end of the dissertation/thesis research and when submitting a notice to submit the thesis/dissertation for examination.
- 5.1.11 The Supervisor also has the important responsibility of guiding the candidate in his/her thesis/dissertation writing. Here it should be emphasized that although the writing of the thesis/dissertation is entirely the responsibility of the higher degree candidate, it is the Supervisor's responsibility to ensure that the student submits a thesis of a standard which is acceptable for the degree for which it is intended.

- 5.1.12 In order to avoid unnecessary embarrassments to the candidate, to the supervisor and to the University on rejected thesis the following remedial measures are suggested:
- 5.1.12.1 The Supervisor should be accessible, should show interest and enthusiasm in the candidate's research work, and should have a positive and friendly relationship with the candidate.
 - 5.1.12.2 The Supervisor should discuss the thesis drafts with the candidate all along. In order to save the student's time, the Supervisor should undertake to meet the candidate and to discuss his/her thesis draft within two weeks of receiving the thesis manuscript.
 - 5.1.12.3 The Supervisor should read the candidate's drafts carefully and critically, giving constructive suggestions on how and where the thesis could be improved.
 - 5.1.12.4 The Supervisor should advise the candidate on what details should be placed in the main body of the thesis; what should better be in appendices; what should better be expressed by illustrations; how to write the Bibliography, etc.
 - 5.1.12.5 In the end, the Supervisor should read the entire final draft and satisfy himself and the Head of Department that the thesis is ready for examination.

5.1.13 The Supervisor also has the responsibility of recommending to the head of the Department Potential External Examiners for the Candidate's thesis.

5.1.14 Finally, he/she has also the responsibility of guiding the candidate in the revision of the thesis in the event that such revisions were recommended by the External or other Examiners.

5.2 Other Recommendations on Supervisor's Duties/ Candidate's Progress

5.2.1 It is evident also from the preceding account that frequent consultation between the higher degree candidate and his/her Supervisor is necessary to ensure that the candidate does not go astray in his/her research. Where the main supervisor is away from the University for more than three consecutive months an acting supervisor will be appointed.

5.2.2 It is suggested also that in an attempt to have some kind of uniformity in the information brought in by Supervisors to the Research, Publication and Postgraduate Committee (RPPC) on their postgraduate students' research progress, the use of a standard progress report form on higher Degree Research Candidates be used (Appendix VII)

5.2.3 In the course of the higher degree candidate's research a situation may crop up whereby one or more of the following relationships develops:

- (a) Breakdown in communication between the student and the Supervisor.
- (b) Personal clashes and conflicts between the Supervisor and the Candidate.
- (c) Hostile relationship between the Supervisor and the Candidate.
- (d) Refusal of the candidate to follow the Supervisor's advice.

5.2.4 When such a situation occurs, it is recommended that both the Supervisor and the Candidate report the problem, in writing to the Head of the Department. The Head should study the nature of the problem and recommend to the Faculty's and

subsequently to Senate's Research, Publication and Postgraduate Committee (RPPC) one of the following actions:

- i) The candidate be warned in writing, about his weakness (if it is established that he/she is the cause of the problem).
- ii) The candidate be transferred to another department (where possible and where necessary).
- iii) The Supervisor be told of his/her weakness (if it is established that he/she is the cause of the problem), but continue to supervise the candidate.
- iv) A small advisory panel be established by the Head of the Department to guide the candidate if there is no other single person in the Department who has the expertise to supervise the candidate.
- v) Any other reasonable action, including discontinuation of the candidate.

5.2.5 Since, from what has been outlined above, it is evident that the Supervisor's responsibility for the candidate is a great one and since the job of supervision is time-consuming and laborious on the part of the supervisor, it is recommended that:

- 5.2.5.1 In order to ensure that the candidates are adequately supervised, the Department should control the number of candidates a single staff member can supervise at a time.
- 5.2.5.2 The staff member's supervision responsibilities should be taken into consideration by the head of department when assigning his/her teaching load.
- 5.2.5.3 As a token of appreciation for the supervisor's guidance to the candidate, the fourth copy of the candidate's thesis/dissertation should be returned to the supervisor as his permanent record of the work he/she supervised.

5.2.6 In case of the Supervisor finishing contract with The Open University of Tanzania and:

- 5.2.6.1 The student is in the final stages of his/her studies, arrangements should be made in such a way that the supervisor leads the student to completion of studies.
- 5.2.6.2 The student is just beginning his/her research; another supervisor should be appointed.

5.3 General Responsibilities of the Candidate

5.3.1 It is the responsibility of the candidate to be conversant with all the Higher Degree Guidelines and Regulations and to follow them.

5.3.2 It is the candidate's responsibility to complete his research on schedule and to write up the thesis/dissertation as stipulated in the relevant general Faculty guidelines.

5.3.3 It is the candidate's responsibility to discuss problems stemming from his research with his supervisor and Head of Department.

5.3.4 It is the candidate's responsibility to ensure that progress reports are submitted on time as stipulated in these regulations.

5.3.5 It is the candidate's responsibility to ensure that subsequent publications from a thesis/dissertation submitted for a degree of The Open University of Tanzania must contain a statement that the work is based on a thesis or a dissertation submitted to a degree of the University.

5.4 Regulations Pertaining to Freezing and Discontinuation of Higher Degree Studies

- 5.4.1 Under normal circumstances, a candidate who has just embarked on data collection can be allowed to freeze studies for not more than 2 years in case of Masters Studies and not more than 3 years in case of Ph.D. studies.
- 5.4.2 No candidate will normally be allowed to freeze studies after he/she has completed data collection and has started data analysis or is in write up stage, except for medical reasons.
- 5.4.3 The year under freezing will not be counted as part of the registration period of the candidate.
- 5.4.4 A candidate will not be allowed to freeze studies more than once.
- 5.4.5 Candidates who shall abandon their studies or break communication with their supervisor or head of the relevant department shall be discontinued from studies.

5.5 Honorary Degrees

5.5.1 Definition

- 5.5.1.1 An honorary degree of the Open University of Tanzania is the degree of Doctor *Honoris causa*.
- 5.5.1.2 The award is granted under Part V, clause 35(3) b of the University Act No. 7 of 2005 as well as Section (5) c of OUT Charter and Rules (2007) which makes it legal for Senate following consultations with Council and with the approval of the Chancellor, to confer upon any person who in its opinion, has rendered distinguished service in the advancement of any branch of learning or has otherwise rendered himself worthy of such a degree.

5.6 Nomination of Candidates for the Award of Honorary Degree

- 5.6.1 A proposal to award an honorary degree may be made by a member of the Council or a member of the Senate and shall be communicated in writing to the Vice Chancellor.
- 5.6.2 Every such proposal shall be accompanied by a statement setting forth the honorary degree recommended and the detailed grounds on which the recommendation is based. Serving members of the academic staff of the University shall not be proposed.

5.7 Procedure for the Evaluation of Candidates for the Award of an Honorary Degree

- 5.7.1 Upon receiving a proposal for the award of an honorary degree the Vice Chancellor shall refer such a proposal to the Research, Publication and Postgraduate Committee (RPPC) (RPPC) for consideration.
- 5.7.2 The RPPC shall study all facts submitted to it and based on an affirmative two thirds secret ballot majority of all members of the Committee, recommend award of the degree.
- 5.7.3 In each specific case the Dean of the Faculty in which the degree is proposed to be conferred shall be coopted to the RPPC considering the case.

- 5.7.4 Any recommendation made by RPPC for the conferring of any honorary degree shall be dealt with in the following manner:
- 5.7.4.1 The recommendation shall be made separately to Council and to Senate. After consideration of all the facts, members of Council and Senate shall vote independently by secret ballot.
 - 5.7.4.2 An affirmative two thirds majority of the members in both Council and Senate shall be required for a decision to recommend for award of an honorary degree.
 - 5.7.4.3 The results of the ballot shall be announced immediately in the same meetings of Council and Senate.
 - 5.7.4.4 The Deputy Vice Chancellor (Academic) shall serve as the Returning Officer of Council and Senate.
 - 5.7.4.5 The Chancellor's approval shall be required before conferring an honorary degree.
- 5.7.5 The Vice Chancellor shall nominate a distinguished University academician to serve as the University Orator for every honorary degree graduate of the University.
- 5.7.6 Honorary degrees shall, as a rule, be conferred only in the presence of the recipient. Worthy cases of individuals who are no longer alive may also be considered for the award of an honorary degree post humously.

5.8 Honorary Degrees Approved by the Council.

- (i) Doctor of Laws (LL. D)
- (ii) Doctor of Letters (D. Litt)
- (iii) Doctor of Education (D. Ed)
- (iv) Doctor of Science (D.Sc.)
- (v) Doctor of Philosophy Honoris Causa

6.0 Soft Skills Enhancement Courses for Postgraduate Students

This is a new programme containing series of short soft skills which is mandatory for all postgraduate students doing Masters by thesis and Ph.D. The purpose of the course is to instil research and publication soft skills to postgraduate students undertaking research and writing their reports. The short courses shall be offered from 2016/17 academic year through a blended mode comprising both MOODLE and short face to face sessions. A candidate shall be required to attempt and pass at least 5 (five) such short courses before being allowed to present research proposal. Students registered at OUT won't pay extra tuition fee if they learn the courses through elearning platform. However, the courses will also be running in form of executive intensive workshops where one course will be covered in one weekend ie Saturday and Sunday. The executive workshops will be run at the Head quarters but also at regional centres and all participants will be contributing some token to cover for refreshments and materials. Registered students have options of attending either online or a paid workshop training.

6.1 PhD Club

A PhD club is a scientific and social gathering that provides PhD students with the opportunity to share their research work, develop writing and data analysis skills, as well as develop presentation skills. Generally, the PhD club aims at providing an open and collaborative environment to stimulate networking and new interdisciplinary collaborations between young researchers. These kind of gathering and discussions will benefit students and

researchers in all faculties, as well as inspire the PhD and Master by thesis students to think more innovatively and creatively. PhD journey involves students' engagement in an intensive review of literature, theories, methodology, and development of practical skills such as data analysis and of course writing and production of the thesis itself. However, the journey towards writing process is not easy as it poses many challenges for students including lack of writing skills, knowledge and techniques on how to effectively deliver the subject matter and demonstrate the required skills. As such, for students to smoothly navigate through the journey, they need encouragement, assistance and support from their supervisors, lecturers, and their peers.

Additionally, the PhD club will serve as an avenue which will allow informal and formal discussion, network creation, skills development, warming up and grooming in a more relaxed way. Such a context signifies a need to establish a PhD club to expose learners in social but scientific environment and train learners on how to effectively and efficiently write their project. An introduction of PhD club will help in guiding and helping learners improve their understanding on how to effectively write in the academic arena. It will equip participants with knowledge, skills and techniques in writing, designing and conducting quality research, how to respond to their comments and examinations. It will also reduce the stumbling block students' face when writing for their respective discipline. Not only that, it will also help reduce the possibility of being caught with unintentional plagiarism. Thus, enabling students to produce sound and quality work. Hence, the work becomes marketable and publishable in reputable journals.

Moreover, PhD club offers an opportunity to enhance and sharpen students' critical thinking skills, to apply and synthesize classroom knowledge in real-world settings, to learn how statisticians communicate and exchange ideas outside the classroom, to assess different communication styles, and to stay informed on interesting research in the field. Club provides exposure to trendy topics and innovative solutions to interesting problems. Students are expected to attend the club at least twice in a year.

Additionally, PhD club may extend some of its session to include Journal discussions. Journal discussions is intended to broaden student's statistical horizons, qualitative analysis, keep students abreast of new developments in the field (or simply bring them up to date), foster informal discussions and interactions with colleagues, practice communication and presentation skills, sharpen analytical and synthesis skills, and practice leading a discussion or meeting. Reading the statistical literature, theories, discuss specific theories related to the learners study area, read and discuss peer papers expected or publications, read in-house style on recent published papers (papers explaining criteria's for specific top tier journals).

Normally, PhD club(s) are specific and faculty oriented. However, to start with, the students will initiate clubs by zone for yielding positive results and grab more attention from students. Also, PhD Club is one of the marketing strategies if well utilized and seriously supervised. A PhD Club is composed of students, professors, lecturers with different specialties and sometimes it will invite high-profile keynote speaker(s). DPGS suggests that PhD clubs be mandatory to all PhD students.

The summary of the short courses

Course Code and Name	Descriptions
OSD 600: Proposal Writing Skills	Formulation of a research title, component of proposal, writing an introduction, problem statement, research objectives, research questions/hypotheses, significance of a study, Proposal presentation skills.
OSD 601: Academic writing skills	This course will instil students with ability on how to use the functionalities in Word effectively to structure the dissertation contents. The module will cover the techniques required to for the presentation software and basic presentation skill.
OSD 602: Critical Literature review in academic writings	The course will provide students with the meaning of academic and peer reviewed articles and the methods for identifying relevant articles and conducting literature search Conceptual definitions. This will include, Theoretical Literature review, Empirical Literature review, Identification of knowledge gap, Theoretical Framework Overview of peer reviewed articles etc.
OSD 603: Development of personalised digital library for students based on their research topics	The course will provide student's skills to create personalised digital libraries to guide them throughout literature review and thesis writing. Students will also be able to systematically arrange the libraries (conference and journal articles, books, reports, etc.) topic-wise and according to their needs.
OSD 604: Research Designs, Samling Methods and tools	This course will describe research designs, sampling methods, sample selections, sample size, methods of data collections and how to design questionnaires.
OSD 605: Qualitative data analysis	This course will describe qualitative data analysis methods, particularly Computer Assisted Qualitative Data Analysis (CAQDA) methods such as QDA Miner Lite and Aquad (which are open source and freeware). Students will also be made aware of other available software for data analysis based on their needs.
OSD 606: Quantitative data analyis	This course will describe quantitative data analysis methods and techniques by which students could use to convert data to numerical forms and subject them to statistical analysis in order to generate meaningful results. This lecture will also cover quantitative data analysis methods: Excel, SPSS, STATA
OSD 607: Language skills for academics	Academic writers often make simple language mistakes such as capitalization or use of wrong tenses and coordinators in their work. This module highlights key linguistic areas in which academic writers often makes mistake to help focus in their productions.
OSD 608: Dissemination of Research findings	This module is going to describe how research finding are disseminated. Dissemination of research findings is a critical part of the research process. Further the module will deal with how to publish a journal article, how to write a text book, Target relevant journal for your paper, how publish in non-refereed publications, how to upload research findings in web pages, how to publish in other media such as digital repositories, how to become a good discussant

Students shall be required to complete at least five courses before being allowed to do research proposal presentation.

6.2 Post-Doctoral Programmes

Currently, the world is implementing sustainable development goals which advocate for society transformations in terms of social, economic, political and cultural. The Open University of Tanzania (OUT) being among the higher learning institutions is charged with responsibilities of teaching, research, and consultancy. Responding to the needs of transformations, OUT has established post-Doctoral programme. The post-doctoral programme is believed to be an important source of knowledge creation, sharing of expertise, skills, techniques and experiences of various field and disciplines. The Open University of Tanzania aims to empower postdoctoral fellows to thrive and become front runners in their fields. With postdoctoral programme in place, OUT will benefit in terms of resource and knowledge sharing, enhancing researcher's mobility within and beyond the country, create networks and expand the pool of expertise.

6.3 Eligibility

Prospective Postdocs should meet the following criteria:

- i) The appointee must have been awarded a degree of Doctor of Philosophy in any field offered at OUT or other recognized university. Postdocs should normally take up the fellowship five years of completing their doctoral studies at a higher education institution in Tanzania or abroad.
- ii) If they have completed their doctoral studies more than five years prior to taking up the fellowship, written approval by the University Senate is required. A motivation for such approval should be submitted by the prospective mentor.
- iii) If not yet in possession of a doctoral degree, they need to submit a written statement from the Deputy Vice-Chancellor Academic (DVC A) (or equivalent) at the issuing university confirming that they satisfactorily fulfilled the university's requirements for a doctoral degree at the time of application for a postdoctoral research fellowship.
- iv) For senior academician with more than five years they should have a research experience that has resulted into significant contributions and recognition as established investigators in their specialized fields.
- v) Proof of sufficient funding for the programme in case the programme is not funded by OUT
- vi) The appointment shall involve full time research or scholarship

DIRECTORATE OF RESEARCH, PUBLICATIONS AND INOVATIONS

1.0 Directorate's overview

Until the end of 2016, Research and Publications matters were coordinated under the former Directorate of Research, Publications and Postgraduate Studies (DRPS). However, the Directorate of Research Publications and Inovations (DRPI) is now fully operational. DRPI is one of the directorates under the Deputy Vice Chancellor (Academic). The general function of DRP is to administer and coordinate Research and Publication at The Open University of Tanzania (OUT). The Directorate is divided into three main parts namely, the Department of Research and the Department of Publications and the Department of Inovations. Research and publications are among the core functions of the University. In understanding the importance of research, publications and consultancy, the University has put in place the Directorates of Research and Publications and Consultancy Bureau. The directorate and the bureau are mandated to coordinate all research and consultancy activities at the University. Through these two organs, currently there are several research and consultancy projects at various stages. Besides students, staff of the University are also engaged in various research projects some of which are funded by the University through small research grant.

2.0 University Journals

Research output are published both in local and international journals including journals by the University namely

- i) *HURIA* Journal,
- ii) Journal on Issues and Practices in Education (JIPE),
- iii) Law Journal,
- iv) African Journal in Economic Review,
- v) Pan African Journal of Business Management and
- vi) The African Resource Development Journal.

In order to make research output emanating from OUT visible, the journals are available in full text through the University website at www.journals.ac.tz and from African Journal online (AJOL) (<http://www.ajol.info>). Research outputs from students are published as theses and dissertations, all these research outputs are available in full text through the university institutional repository. Users can access them online regardless of time and geographical location.

3.0 Research Bulletin

OUT issued a research bulletin which highlights bibliographical information of the intellectual contribution to the society; this bulletin is available at www.out.ac.tz. Also printed copies have been circulated to sister Universities and ministries in East Africa.

4.0 Research Policy and Agenda

The OUT has put in place the Research Policy and Agenda and Operational Procedures. The aim of the document is to provide priority themes for research which also reflect the national needs. The document is also used to guide on the type of research themes to be researched.

5.0 Research teams

All faculties, institutes and directorates have research teams. The teams can be accessed online in OUT website.

6.0 Institutional Repository

In order to make research output generated by the University visible and accessible, OUT has in place an Institutional repository. This is online archive for collecting, processing and

disseminating digital copies of the intellectual output of OUT. Currently there are documents which are available online. The most important thing to note here is that the system is powered by Google scholar. Through this repository scholarly work from OUT are visible and cited worldwide.

7.0 Policies and Guidelines

For smooth running of research, publications and consultancy the University has put in place several policies. These include:

- i) Research Policy and Agenda
- ii) Learning and Teaching materials Development and Management Policy
- iii) Research Ethics Guidelines
- iv) Consultancy Policy
- v) Intellectual Property Rights (IPR) policy
- vi) Collaborative Research Guidelines
- vii) OER Policy
- viii) Publishing and Printing Policy

8.0 Research approval process

Operational procedures of the research include among other things the process of development and implementation of the research and thus reflect efficiency, effectiveness and relevance of research output. These procedures have particular aim of standardization of operations and state the procedures of operations, approval and control of all research proposals of the Open University of Tanzania as follows:

- i) Approval by the Directorate of Research, Publications and Innovations
- ii) All draft proposals shall first be submitted to the Directorate of Research, Publication and Innovations, for initial technical evaluation.
- iii) Scrutiny by the Faculties/Departments/Institutes
- iv) The research proposals will then be forwarded to the relevant faculties/department/institutes for scrutiny/technical reviews in regard of its objectives, methodology, time schedule etc.
- v) Evaluation of Research Proposal by the RPPC
- vi) The research proposals shall be directed to the Research Publication and Postgraduate Committee (RPC) from the relevant Faculties/Departments/Institutes for consideration after being satisfied of the relevance, needs soundness and financial budgets.
- vii) Registration and Approval
- viii) The Directorate of Research and Publications shall be responsible to receive and register all research projects of The Open University of Tanzania.
 - i) Research Contract and Funding at OUT
- ix) Research proposal that has been approved shall be eligible for funding once the researcher(s) has signed contract with appropriate officers; these actions may be done at Faculties/Institutes/ Directorates or at the University level where funding is sourced.
- x) Interim Reports
- xi) At each end of the phase the researchers are obligated to produce tentative progress reports that show research findings. Such reports must be channelled through the respective departments to the RPC.
- xii) Internal Quality Control
- xiii) The RPPC shall be responsible to identify an independent reviewer to check on the quality and authenticity of the research report. This will ensure the researcher

observes ethics, maintain integrity and honesty and sustain academic standards in both research process and report writing.

xiv) Final Research Report

xv) The Final Research Report will be submitted in the format approved by RPC. Such format must include date, results and findings collected during the implementation of research project.

9.0 Research Ethics and Integrity in Research

Ethics in researches need to be seriously observed to maintain the integrity of the profession. Ethics also need to be closely observed to maintain intellectual honesty, confidentiality, acceptability of research results, conflict of interest, observation and avoiding offending respondents. The operational procedures of the research gave the policy statement and the operational procedure. This has been strengthened by the research ethics guidelines which became operational in September, 2015.

9.1 How to cope with sponsored projects and sponsored research services; conflicts of interest, conflict of commitment, and research misconduct

These are stipulated in the research ethics guidelines which came in operation in **September, 2015**. The guidelines were developed to promote research integrity and in so doing inform evidence-based decision making to transform socioeconomic development. The Open University of Tanzania recognizes that its image, reputation, and competitiveness, depend on the range and quality of its research performance. It is for this reason the university recognize that fostering greater research integrity is a global concern and it is reflected within the scientific community and research funders, and for the general public the concern centres on the social value of scientific research.

9.2 Conflict of Interest and Commitment

A conflict of interest may arise when activities or situations place an individual or institution in a real, potential or perceived conflict between the duties or responsibilities related to research, and personal, institutional or other interests.

9.3 Institutional and Researcher Conflict of Interest

Institutional conflict of interest: Institutions involved in research hold trust relationships with participants, research sponsors, researchers and society. These institutions may have financial or reputational interests including, but not limited to, the provision of education and the promotion of research that conflict with the institution's obligations to protect and respect human dignity as characterized by the core principles of the Policy. Researchers and research students hold trust relationships, either directly or indirectly, with participants, research sponsors, institutions, their professional bodies and society. These trust relationships can be put at risk by conflicts of interest that may compromise independence, objectivity or ethical duties of loyalty. The Open University of Tanzania through its Research Ethics Policy and Guidelines for Collaborative Research stipulate clearly how they will handle and resolve these conflicts.

10.0 Policy on undergraduate and graduate research

The Open University of Tanzania regards undergraduate research as a core subject in most of its programmes. An exception is found in education programmes where students carry out teaching practice instead of research projects. Undergraduate research projects allow undergraduate students to conduct an independent research project under the supervision of Senior Academic staff in the faculty. The research

projects contain a significant research component that requires substantial independent work by students. The key is that the project produces some original work. There are many benefits to undergraduate research including; research and professional experience, and better relationships with faculty and peers. Students learn to work and think independently, to take responsibility for their own learning, and to take initiative to solve problems on their own rather than relying on experts for the answers. In addition, OUT finds value in promoting undergraduate research to recruit and retain students and to prepare them for graduate studies. OUT prospectus provides clear guidelines for both undergraduate and graduate research. Graduate research is conducted in post graduate programmes this could be in form of dissertation research or thesis research. Hard and soft copies of undergraduate research projects, dissertations reports and theses are available as evidence.

10.1 Policy on Supervision and research risk compliance

OUT has no policy on supervision in place for the time being but the DRPS has been organizing workshops for supervisors where issues concerning supervision are discussed. Research risk compliance is well articulated in Research ethics guidelines and Collaborative research Guidelines.

10.2 Policy on Environmental Health and Safety

OUT has a policy on Risk management and Operational procedures. The general objective of the Risk Management policy and procedures of OUT is to ensure that the University has a formal process of involvement of staff and other stakeholders in the continuous identification, assessment, management and control of potential risks and hazards that can impact or threaten safety of people and properties. In addition, OUT has a Health Policy which was formulated in 2008. The university is in the process of revising it.

10.3 Research development Fund Policy

OUT staff has reputable expertise in doing research and consultancy services in both the national and international arena. OUT has a Small Grant Research Fund for small projects. The funds are provided to staff who writes researchable proposals. The proposal must be approved by the DRP and the funds are provided by the respective faculties/institutes and directorate of the staff. The funds do not exceed T.Sh. 2,500,000. In addition, OUT Research Policy clearly states that for every successful external research grant proposal 10% must be remitted to Research Development Fund

10.4 Policy on the protection of human subjects in research

The University is responsible for implementing the regulations for the Protection of Human Subjects and for providing guidance on the requirements for complying with the regulations. The regulations define **research involving human** as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalisable knowledge." It includes activities which meet this definition, whether or not conducted under a program considered "research" for other purposes. This is not clearly shown in the research ethics guidelines which became operational in **September, 2015** instead they consider the animals, non human, hazardous material.

10.5 Research quality and research assessment

Quality assurance and assessment play many important roles in the research community. They inform crucial decisions on the funding of projects, teams and

whole institutions, on how research is conducted, on recruitment and promotion, on what is published or disseminated, and on what researchers and others choose to read. They underpin trust in the work of the research community.

DIRECTORATE OF FINANCE AND ACCOUNTS

The Directorate of Finance and Accounts is the custodian of all monetary transactions of The Open University of Tanzania. He/she is responsible for maintaining proper accounting for the University Headquarters and Regional Centres.

BURSARIES AND FEES

1. The Application, Tuition and Other Fees

- 1.1 The Open University of Tanzania (OUT) has the right to change tuition fees in line with the average annual inflation rate announced by the Bank of Tanzania. Any change of annual fees will be announced by the Council of The Open University of Tanzania, before the commencement of the academic year.
- 1.2 At the beginning of every academic year, all students of OUT will be required to meet their financial obligations, before they can be registered.
- 1.3 In addition to tuition and examination fees, students will be required to buy essential reference books and stationeries, pay for residential face to face sessions, and related costs for attending practical sessions, projects and field trips.
- 1.4 A non-refundable application fee of Tsh. 30,000 must be paid by all Tanzanian applicants for Postgraduate programmes, while non-Tanzanians have to pay USD 50.
- 1.5 All student fees must be paid in the respective bank account, as shown in Table 1. The university does not accept cash payments.

2. Fees Structure for Undergraduate Studies 2021/22 Academic Year

- 2.1 All continuing students will pay tuition fees according to the same levels used during the 2020/21 academic year.
 - (a) Any student having a 'Repeat' subject must pay in full the subject's fees according to the rates approved by Council, shown in the Table 1, below this section.
 - (b) The amount of Tsh. 10,000 is to be paid as examination fee for every paper registered for exams and Tshs. 10,000 for every paper registered for TT. Students who were admitted before 2012/13 academic year, should evaluate the cumulative amount of fees that they have paid since beginning studies at OUT, then subtract this from the PROGRAMME FEE, to know how much they still need to pay at the level that they have reached. For most programmes, those wishing to advance to Level 2 (200 series) must have paid at least Tsh. 720,000; those moving to level 3 (300 series), must have paid at least Tsh. 1,440,000. Before graduation, one must have paid at least Tsh. 2,160,000. This does not include fees for REPEAT subjects. Students who still lag behind in fees are advised to complete the gap in fees paid before being allowed to continue with the next level. DRCs will be there to check and advice students accordingly. Evidence of previous payments made must be presented and copies must be attached to the registration form.
 - (c) Students are allowed to pay 50% of the fees due by the end of the registration period Announced by DES. A penalty of Tsh. 20,000 (\$20 for international students) will be levied to those who fail to pay by the deadline, as approved by Council as announced by the Directorate of Examinations Syndicate
 - (d) The final installment of fees for this academic year, must be paid by March, 2017. Students paying fees after that date will also have to pay the penalty for late payment, of Tsh. 20,000 and \$20 for international students.
 - (e) Fees once paid, cannot be refunded until after the expiry of the registration period. The refund will be made after deduction of 15% administration costs, on the excess amount to be refunded.

- 2.1 All New students will pay all their fees according to the new rates approved by Council. The students must note the following:
 - (a) Having registered for some courses, you are expected to pay the respective 50% of the total fees required by the deadlines as announced by DES. Paying after that deadline means you will also pay in addition, the penalty for late payment of fees, i.e. Tsh. 20,000.
 - (b) The tuition fees for practical/field courses for this academic year, must be paid before end of January 2017 or else such students won't be supervised nor be allowed to participate in the field. Students paying fees after that will also have to pay the penalty for late payment, of Tsh. 20,000.
- 2.2 Below are additional guidelines for continuing students who wish to pay fees in annual instalments:
- 2.3.1 The various fees for students who registered before 2020/21 academic year are shown in the Table 4 under this section. What is shown is the annual and total programme fee. Students or the sponsor may negotiate to pay this amount by installments annually.
- 2.3.2 Students who are sponsored through the Higher Education Student Loan's Board (HESLB) or any other sponsor, will not be considered for registration until when their fees have been remitted to the University by the sponsor. In order for them not to miss the registration deadline, students will be required to pay half of the requisite fees for that level, which will be refunded upon the university receiving full payment of their fees from the HESLB or any other sponsor. HESLB demands that students signs the fee remittance notices; hence it is upon the sponsored students to ensure that the relevant notices have been signed. Failure to sign the remittance forms may lead to HESLB cancelling the sponsorship/loan.
- 2.3.3 All students must pay an examination fee as stipulated, to be eligible for main examinations. Students who for one reason or another, have been allowed to attend special examinations, will not need to pay again for the special examinations. Students who wish to appear for special examinations without prior authorization, will be required to pay the fees for that examination session.
- 2.3.4 Students or their sponsors are allowed to pay the whole amount of programme tuition fees at the beginning of studies. In case of any subsequent rise in fees from the time of the initial payment and completion of the programmes, the student will be required to settle the calculated difference, in order to be allowed graduation.
- 2.3.5 Payments of fees by Cheque or by Telegraphic Money Orders is not acceptable
- 2.3.6 Students who deposit their fees through the banks, bank agencies and using their mobile phones for mobile networks services must obtain control numbers from either OUT-Head office in Dar es Salaam or from OUT Regional Centres. They then use the control numbers to pay their respective fees in the banks, bank agencies and in mobile networks. From the banks and bank agencies they will be given the deposit slips which they will present to OUT Finance section in Head Office or OUT Regional Centres for issuance of GePG receipts. In the case of mobile networks they will receive messages in their mobile phones and present them to Head office or Regional Centres for issuance of GePG receipts

- 2.3.7 Apart from Tuition fees, students and sponsors must also meet personal costs for books stationery, practical and field visits, field research work, teaching practice, and attendance of tests and examinations
- 2.3.8 Students who decide to change their programme of study after a period of two weeks from the date of the orientation will be required to pay a penalty of Tsh. 30,000 (USD 30) before the change can be implemented.
- 2.3.9 Students who lose their identity cards may be given another one after paying a processing cost of Tsh. 20,000 (USD 20)
- 2.3.10 The University Council has power to revise the various fees charged for all OUT activities. Prior notification will be given to students, before commencement of the academic year.
- 2.3.11 Every candidate, who successfully completes his/her course, shall be allowed to graduate, only after having paid all fees due to the university. The university further deserves the right to withdraw its certificate from any candidate, who fails to honour his/her financial obligations to the university.

2.4 Student Union Fees

All students must pay the stipulated student organization fees to the Open University Student Organization (OUTSO) account

2.5 SADC and EAC Students

According to SADC and EAC Protocols, students from member countries are to pay the equivalent of local fees. These fees shown in Table 2 and Table 3 do not include additional costs such as transportation of study materials, invigilation and freight of examinations, hire of examination halls, etc. Additional costs will be negotiated through coordination centres and individual students.

REGIONAL CENTRES

Knowing that the various programmes offered have students scattered all over Tanzania and outside the country, the Open University of Tanzania has decentralized its organizational structure by setting up Regional Centres where students can get support services close by. Each Regional Centre will be equipped with appropriate facilities to enhance efficiency of services to students. The functions of the Regional Centres will include the following:

- Tutoring and counseling the Open University students,
- Provide teaching and learning facilities,
- Organizing public lectures, discussion groups, workshops and seminars,
- Disseminating information about the Open University Programmes,
- Coordinating Open University activities with resource centres and study centres, and
- Organizing training for part-time tutors

Current Regional/Coordination Centres (2021/2022)

Currently 27 Regional Centres and four coordination centres have full time Directors.

STUDY CENTRES

At each Regional Centre there are study centres to service distance study students. Several institutions with adequate facilities within each region have been identified to serve as study centres. For example, these will be in Secondary Schools, Colleges and Institutes. The final choice of the study centre will depend on the concentration of the Open University degree students and their accessibility. Study centres serve as general points for project work, interaction with other students, attending seminars and tutorials, practical work and demonstrations and for using reference materials. They also provide counselling and tutoring services for The Open University students as well as physical facilities such as classrooms, libraries and laboratories.

STUDENT WELFARE

The organizational structure of OUT provides for a department of Student Administration headed by the Dean of Students to cater for non academic aspects of students' life in matters relating to their welfare and conduct. The office of the Dean of Students maintains regular counselling services to students individually or in groups. The aim is to provide them with the opportunity in being realistic about themselves, their potentiality and their career interests.

Provision for Accommodation

The Open University of Tanzania will depend on Private and Public Institutions to provide accommodation to its students when attending residential sessions, examinations or any other activity organised by the University. Students are expected to make their own payment arrangements to the Financial Officers of the Institutions providing the accommodation

Students Organization

The OUTSO national leaders are:

President and the spokes man of OUTSO: Ereneus Francis Mwesigwa
Vice President: Agness Michael
Secretary General: Dastan Edward Komba:

The 2007 Charter of the Open University of Tanzania, Part IV Section 24 provides for the establishment of the student organisation whose objects and purposes shall be to:

- (a) Stimulate and promote meaningful discussion amongst the students on matters of academic and social interest.
- (b) Sponsor social and other functions for the purpose of enhancing intellectual and cultural development of the University and
- (c) Cooperate with the other organs of the University in matters of general interest to the University Community

Membership of OUTSO

Every student admitted and registered at OUT shall become a member of OUTSO as provided in the Charter of OUT. Every member of OUTSO shall pay an annual subscription

fee as may be prescribed from time to time by University Students' Representative council and approved by the university council. The affairs of the University Student Organization shall be conducted in accordance with its constitution. For the benefit of students, their organization is already functioning. For details, contact the Dean of students at the e-mail address: dos@out.ac.tz, or the student government: outso@out.ac.tz.

Students are encouraged to form academic and professional organs consonant with the objects and functions of the University.

THE DIRECTORATE OF LIBRARY SERVICES

The library is an academic unit of The Open University of Tanzania. The major mission is to provide high quality information services, which support teaching, learning, research, and community services. It also plays a vital role in the local learning community by working in partnership with other information providers. The University Library services comprise of the Main Library at the Head Office, OUT Resource Centres in the Regional/Coordination Centres and Tanzania Library Services Board (TLSB) Network that is accessible under special arrangements. Where there are no TLSB Libraries, the University has requested some public institutions to stock the learning materials in order to meet the informational needs of our students. Among these are: Kibaha Education Centre- Coast, and Central Peoples Library of Zanzibar and Pemba. The Open University of Tanzania Library System has three departments: Readers and Technical Services, Documentation, Regional and Outreach Services.

Learning Resource Centres

Apart from those libraries, the University has also developed learning resource centres that are available in the regional centres. These centres provide access to the full range of learning, teaching and consultancy materials in a variety of formats.

Membership

Membership and access to library services is open to all Non-degree, Undergraduate and Graduate students, Academic, Research and Administrative staff of the university and alumnae. Other users such as visiting Researchers and Members of other Universities are allowed to use the library at the discretion of the Deputy Vice Chancellor (Learning Technology and Regional Services), Director of the Library Services or Director of Regional Centres.

Online Public Access Catalogue

The Open University of Tanzania Catalogue is called KOHA which implies gift in Maori. It provides bibliographical information of library information resources available in the main library and in the regional centres. The entire catalogue is available online.

Information Resources via the Web

The library website provides essential information about the library hours and services and acts as a gateway to a wealth of research and learning materials, including Electronic Journals, Open Courseware, Electronic Books and Online Thesis/ Dissertation through institutional digital repository. Access to Online Public Access Catalogue is via the web address: www.out.ac.tz. In order to access the Online Public Access Catalogue (OPAC), read the following instructions:

ROBERT MUGABE AFRICAN COUNCIL FOR DISTANCE EDUCATION LEGACY SCHOLARSHIP

The Open University of Tanzania is the first university in the whole of the East Africa region to offer educational programmes through Open and Distance Learning mode. It admits students of various backgrounds for studying different courses. Starting this year 2015/16 the University is offering an ACDE scholarship to support one student to pursue a Bachelor's degree at the Open University of Tanzania (OUT). The scholarship aims to assist **best achieving** but financially needy students.

The scholarship was initiated in the African Council for Distance Education Executive Board at its 27th meeting held at North West University, Potchefstroom, South Africa on 27th June, 2015. The board discussed and directed that member should be take action to realize the Robert Mugabes' African Council for Distance Education Legacy Scholarship. Further, requested to study the **guidelines as indicated below** and then send names of two students that have nominated for sponsorship. The two names will be sent to the Scholarship Committee members who will select one of the names. After selection, the successful name with the letter of award shall be sent back to our institution.

Guidelines

- i) The applicants should be students in ACDE member institution
- ii) ACDE member institutions should commit full scholarship per student per year
- iii) All member institutions of ACDE will offer one (1) scholarship per institution per year.
- iv) The scholarship should start with first degree programmes
- v) Applicants with special needs will be accorded priority with more consideration for female candidates
- vi) How much will be spent depends on the prevailing fees ordinance at the hosting institution
- vii) Annual scholarships may be a one-time gift or they may be replenished each year through an endowment, i.e., renewable from year to year to a maximum number of years.
- viii) Successful candidates are selected on the basis of academic achievement, personal strengths, leadership, and commitment to giving back to the community. All completed applications are evaluated by the ACDE Executive Board following recommendations from the Committee.
- ix) The selection process consists of Documents Received, and Disbursed.

- x) Endowments are large funds that are invested in support of the scholarship.

Announcement and Applicant

The office of the Deputy Vice Chancellor (Academic) announces to all students and staff annually. The basic criteria for selection are

- i) Filling an application form
- ii) Students must perform well in the previous academic year
- iii) Students must be admitted at OUT for a bachelor's degree programme
- iv) Students with disabilities are given priority;
- v) Female students in science programmes have added advantage.

All these are indicated in the scholarship announcement.

NOTE:

Please submit two passport size-colored photographs (with name and registration number written on the back side) for your student Identity Card and Personal File.

APPENDIX II: GUIDELINES FOR PREPARING A DETAILED RESEARCH PROPOSAL

COVER PAGE

The cover page represents, of course, the cover of the proposal, as in this case. The cover may be in any colour of your choice. It has the following identification information:

Name of the Faculty

Code of the course:

Title of the research

Name of student and registration number, and contacts (phone Nos and email address)

Name of supervisor(s) and contact (Phone Nos and email addresses)

Date: month and year

TITLE PAGE

This page is the one which follows the cover page. It has the same information that appears on the cover page.

TABLE OF CONTENT (on a fresh page)

This section lists the titles and subtitles of sections and the pages, in a sequential order.

LIST OF TABLES (on a fresh page)

If there are tables, the titles and the pages where they occur in the text should be listed here

LIST OF FIGURES (on a fresh page)

If you have figures, graphs, maps or diagrams, they need to be indicated here, with the pages on which they occur.

ABBREVIATIONS AND ACRONYMS (on a fresh page)

1.0 CHAPTER ONE (on a fresh page) INTRODUCTION

1.1 BACKGROUND TO THE STUDY

Explain, by way of introduction, what you want to write about in this chapter.

Describe the background to the study here focusing on (i) how has the problem developed? (ii) Who are involved? (iii) Why is it a problem and to whom? etc.

1.2 STATEMENT OF THE RESEARCH PROBLEM

Give a brief summary of the background here to lead you into formulating and defining what you perceive to be the problem that requires this research. State the problem clearly for any reader to understand. This must clearly link to the study title. Then from this problem definition state (i) the general research objectives and (ii) the specific research objectives.

1.3 RESEARCH OBJECTIVES

1.3.1 General research Objective

State a general research objective, which should not differ from the defined research problem

1.3.2 Specific research objectives

Here state the specific research objectives, (about three) all of which should link to, and build up, to the general research objective. All the specific objectives should be SMART compliant

1.4 RESEARCH QUESTIONS

From the general research objective state (i) the general research question and (ii) the specific research questions. Again, both must be linked to the defined research problem

1.4.1 General research question

This should be linked to, and capable of generating information sufficient to fulfil, the general research objective

1.4.2 Specific research questions

For each specific research objective formulated you should specify a corresponding research question.

1.5 RELEVANCE OF THE RESEARCH

Relevance can be seen from many sides, contribution to knowledge of the problem, benefits to the interviewees, implications for policy, practice, processes, etc.

1.6 ORGANIZATION OF THE PROPOSAL

Provide here a road map of how the remaining part of the proposal is organised; saying what chapter two, three, ..., etc will contain or contribute to the proposal

2.0 CHAPTER TWO

LITERATURE REVIEW

2.1. OVERVIEW

Briefly let your reader know what you write about in this chapter

2.2 CONCEPTUAL DEFINITIONS

Define all the concept you will use in this proposal, so that the reader will understand anytime the word or a term is used in the text. In your definitions let the reader know the other meanings prevailing in the literature. Note that this is not a glossary of terms. It is a description (with authority given) of the key concepts of the research. E.g. from a proposed title *“The relationship between firm size, market-to-book value ratio and the degree of financial leverage”*; we would expect this part to provide definitions of **“Firm size”**, **“Market-to-book-value ratio”**, and **“financial leverage”**

2.3 CRITICAL REVIEW OF SUPPORTING THEORIES OR THEORETICAL ANALYSIS

It is possible that the same or similar problem has been studied from different perspectives and approaches. Different methods were used. Some theories explaining the behaviour or the phenomenon have been developed. What are these theories and what do they mean. How relevant are they in terms of your study. Do you agree or disagree with the theory? Comment on them, identify the relevant variables which are critical to your studies, identify the gaps and digest the scientific knowledge so as to help you formulate hypotheses, either now or later in your conceptual framework.

2.4 EMPIRICAL ANALYSIS OF RELEVANT STUDIES

Some practical studies of this nature have been done either in Tanzania or elsewhere. How relevant are these studies to what you intend to examine? What are the shortcomings of such studies?. Follow this pattern: 2.4.1 General studies. 2.4.2 Studies in African countries, 2.4.3 empirical studies in Tanzania. Note that the studies you use must strictly have relevance to the study. These will help you link your findings to them later in the discussion chapter. **Do not make this a shopping catalogue**

2.5 RESEARCH GAP IDENTIFIED

Show here clearly the gap you have identified from the analysis of theoretical and empirical literature

2.6. ANALYTICAL/CONCEPTUAL FRAMEOWRK (FOR STUDYING THE PROBLEM AND ANALYSING. THE DATA

The framework or model explains how you have conceptualised the problem, showing what variables and relationships are involved and the probable strategies for solving it. This is normally a pictorial presentation with minimum description. This should explain either your own perception or philosophy behind the framework. If not, you may use appropriate theories from the literature as the foundation.

2.7 THEORETICAL FRAMEWORK

Identify and describe the characteristics of the variables considered in the Conceptual framework or model. These are also the variables that will be measured. Define them and give the supporting theory or literature. Establish and describe the nature of relationship existing among the variables used in the framework or model. Note: the variables should be supported by theory as reviewed earlier.

2.8 STATEMENT OF HYPOTHESES

You are required to formulate about three hypotheses for testing. Remember each of the variables in the model can be used to formulate a hypothesis. Each hypothesis could relate to a research objective or just to the third objective, depending on how the concepts of the proposed study were structured.

2.9 SUMMARY

Provide a brief account of the analysis of the literature as a prelude to the next chapter.

3.0 CHAPTER THREE RESEARCH DESIGN AND METHODS [or simply RESEARCH METHODOLOGY]

3.1 OVERVIEW

Let the reader know, briefly what is contained in the chapter.

3.2. RESEARCH STRATEGIES

Discuss the type of (exploratory, descriptive or causal) study you would like to undertake and why you chose it. Remember that within each of the research design there are several research techniques that can be applied. Make a choice and explain it, by supporting your choice with literature information on its merits and limitations. Explain why you chose this technique. Most of the studies done by students employ the case study strategy/. Case study strategy can also be found in exploratory, where it traditionally belongs, in descriptive design and in experimental designs.

3.2.1 SURVEY POPULATION

People or objects involved in the study. Who will be interviewed and why? Where will you find them? How will they be identified? What are the characteristics of this population?

3.2.2. AREA OF THE RESEARCH or SURVEY

This signifies the location or the place where the actual research or survey would take place. Will it be in an urban setting or in a rural area? Do you prefer organizations and where are

they to be found? Whatever is your choice, there is the need to describe it properly and justify why you chose the area for the field study.

3.3. SAMPLING DESIGN AND PROCEDURES

Of the interviewees, how many will be interviewed? How will you identify them? Describe them by gender, age, social status, marital status, profession, etc. How will you choose the sample? Why will you work with a sample and not the whole population in the survey area?

3.4. VARIABLES AND MEASUREMENT PROCEDURES

What kind of data or information will you need? Where will you obtain them (data sources)? What variables will be used to collect the data and information? Consult your model or conceptual and theoretical frameworks. How will you measure the variables and obtain data? Questionnaires, structured and unstructured, and interviewing, with or without questionnaires, may be used as procedures. Which procedures will you employ and why?

3.4. METHODS OF DATA COLLECTION

Explain how the required data and information will be collected and from where. The sources and type of data may be primary or secondary, explain how this will influence the data to be collected and how you will deal with them.

3.5. DATA PROCESSING AND ANALYSIS

Explain how you will analyse the collected data. Which methods or analytical techniques will you use and why? For what data will you use a given analytical technique? How will you test the hypotheses? How will you interpret the result of the analysis, with respect to known theories, gaps in the literature reviewed, etc? In terms of value adding to knowledge and understanding what are your expectations? Remember that computer/statistical software are just tools. Avoid the temptation of saying for example, *“data will be analysed by using SPSS”*.

3.6. EXPECTED RESULTS OF THE STUDY

At this point of the proposal writing you will have some ideas of what you expect to find or achieve or obtain. What are your expectations? What are you likely to find?

4.0 RESEARCH ACTIVITIES OR SCHEDULE

Indicate the specific research activities you will carry out daily, show the duration, and total time budget. Indicate the nature and type of activities you should undertake and the duration. You will need this to be able to estimate how much it will cost you to carry out the research

5.0 WORKPLAN

Use GHANTT chart to plan the flow of your research activities. It will show the block of time devoted to each activity, the time sequence in days, weeks, months or person-days, person-weeks, person-months. It also has the advantage of indicating when the study would begin and when it will end.

6.0 ESTIMATED RESEARCH BUDGET

How much will the research cost? Prepare a budget for it. Be realistic. You will need to apply current and approved rates. Some expenses are not acceptable to some funders. You need to find this out and eliminate them from your budget

7.0 Expected time of Commencing the Study

8.0 Expected time of completing the Study

9.0 Signatures:

Student..... Date.....

10.0 Comments of the supervisor

Supervisor.....Date.....

11.0 REFERENCES

Enter alphabetically, by surname of authors of books and articles read and cited in the running text, all official documents should be cited under another section in the reference. The OUT requires especially the APA system of citation and referencing (except for the Law Faculty). Here are a few examples of references in the **American Psychological Association (APA) style (6th edition)**:

Books

Format:

Author(s) (year). *Title*. (Edition). Place of publication: Publisher

Examples

Kothari, C. K. & Garg, G. (2012). *Research methodology: Methods and techniques* (3rd edition). New Delhi: New Age International Limited Publishers.

Saunders, M. N. K., Lewis, P. & Thornhill, A., (2016). *Business research for business students* (7th edition). Harlow: Pearson Education Ltd

Chapters in an edited book

Format:

Author(s) (Year). Title of the chapter. In: Editors(s) (ed(s)). *Book Title* (Edition).Pages. (use p. or pp.). Place of publication: Publisher,

Example:

Haybron, D. M. (2008). Philosophy and the science of subjective well-being. In M. Eid & R. J. Larsen (Eds.), *The science of subjective well-being* (pp. 17-43). New York, NY: Guilford Press.

Journal article

Format:

Author(s) (year). Article's Title. *Title of Journal*. Vol. No. (Part No./Issue No./Issue month), Pages. (use p or pp)

Example:

Lee, I. Lochhead, S., Ritter, J. & Zhao, Q. (1996). The cost of raising capital. *Journal of Financial Research*, 19(1), 59-74.

Footnotes to the text pages, tables or figures should be avoided (except for the Faculty of Law). The references should be arranged alphabetically by authors. All authors' surnames and initials should be included (i.e. never use *et al.*). for a book, there is no need of indicating the edition number if it is the first edition. They should be presented first line hanging. There are guidelines for how to present literarily every source of materials.

12.0. APPENDICES

Place all the big tables, maps, schedules, questionnaires, interview guides, observation check lists, and declaration of confidentiality (Appendix II), here and number each item, serially.

13.0 Length of your proposal

The total number of pages for a PhD research proposal should not exceed 35 pages excluding appendices and for a Masters 25 pages also excluding appendices. The preparation of a

comprehensive research proposal should take not more than 9 months for PhD students and not more than 6 months for Masters Students, including defence seminar. Typesetting should be in Times New Roman, font size 12 and double line spacing.

NOTA BENE: If there is anything you do not understand, don't hesitate to ask us or any other instructors, who may be available to you, at that moment, otherwise your supervisor will be the best person to learn from. Research is very rewarding if you keep an open mind, without insisting on what your instructor said as de facto. Remember also that there are several textbooks on research methods in different disciplines. Similar things may be said in similar way or in different styles, but they may not necessarily contradict each other, rather they all add value to the learning process,

Remember to fill and attached the declaration of confidentiality form (See Appendix III) and have it countersigned by your supervisor.

APPENDIX IV: GUIDELINES FOR MASTERS AND PhD RESEARCH PROPOSAL PRESENTATION

1.0 Introduction

The general regulations and guidelines for higher degrees at the OUT require students pursuing masters' degree by thesis (clause 3.2.1 (b) and PhD degree submit a comprehensive research proposal, approved by the relevant Faculty/Institute Board and Senate, within a maximum of 6 months and 9 months of their registration respectively. The substantive and comprehensive proposals must first be defended at an academic seminar. The following are the general guidelines on the conduct of the seminar.

1.1 General Requirements and Arrangements

There shall be a number of issues that shall be observed before a student make any seminar presentation for his/her research proposal for his/her registered degree; these are outlined in this section.

- (i) The supervisor shall sign the proposal in question certifying that the student has done substantial work and that the proposal is worth presenting; where the student has two or more supervisors the main supervisor shall sign on that behalf.
- (ii) The candidate shall notify the Faculty of his/her intention to make a seminar presentation for his/her research proposal; the notification shall be accompanied by the research proposal in five copies.
- (iii) The Faculty shall distribute the copies of the research proposal as follows: - one copy to DRPS, one copy to Faculty dean, one copy to Postgraduate Faculty coordinator and two copies to discussants.
- (iv) The Faculty shall arrange the date for the presentation and formally inform DRPS of the proposal presentation arrangements.
- (v) DRPS shall note and approve the date where appropriate or advise accordingly.
- (vi) Upon approval of the date by DRPS the Faculty shall notify the student of the date of presentation.
- (vii) Upon confirmation by the student of his/her availability for the seminar presentation the faculty shall make a public announcement inviting all interested personnel, especially academicians to attend the seminar.
- (viii) The announcement shall be made at least 5 days before the date of presentation bearing the name of the candidate, the research topic, venue, dates and time for the presentation.
- (ix) The Faculty shall appoint a minimum of two discussants, notify them of the presentation, and furnish them with the proposal at least **TWO WEEKS** before the date of presentation. These shall be academic staff familiar/specialist in the researched topic.

1.2 Panel Composition

The panel shall be composed of the following:

- (i) The Faculty Dean – Chair person
- (ii) Faculty Research, Publications and Postgraduate Coordinator – Secretary
- (iii) Associate Coordinator Postgraduate Studies Supervision – Seminar Coordinator
- (iv) Head of Department - Member
- (v) Supervisor(s) – Member(s)
- (vi) A minimum of two specialists in the researched area - discussants

1.3 Mode of Presentation and Discussion

The following shall be followed during the conduct of the seminar presentation: -

- (i) The postgraduate associate coordinator supervision shall take the panelists through the regulations and procedures of the proposal seminar presentation prior to the presentation to ensure that all the requirements have been met.
- (ii) The chairperson shall invite and introduce the candidate to the panelists and vice versa.
- (iii) The chairperson shall invite the student to make an oral presentation not exceeding 15-20 minutes (preferably power point).
- (iv) The oral presentation shall be followed by a question-and-answer session where the chair person shall invite first the discussants to ask the student questions covering all key areas of the proposal. The chairperson shall dictate the mode of conduct of the question and answers session where the candidate may be asked to respond to question after question or after all questions have been asked.
- (v) After the candidate has responded to the questions from the discussants other academic staff members shall be invited to ask questions and the student shall respond accordingly.

1.4 Verdict

After the question and answers session the chair person shall ask the student and other none academic staff members out of the presentation room. The panelists shall discuss and come to the conclusion choosing one of the three options as follows:

- (i) Proposal accepted and student allowed proceeding to data collection.
Panelists shall go for option number one only where panelists are satisfied that the contents of the proposal bear a clear statement of the problem, attainable objectives, clear research questions/hypotheses, a critically reviewed literature, and an appropriate research methodology. The panelists have to be satisfied that the proposal bear correct language and is an error free document.
- (ii) Proposal accepted subject to incorporation of comments from the panelists; and, upon satisfaction of the supervisor(s), student be allowed to proceed to data collection.
Where panelists opt for option two they must state areas that requires revision; these may include typos, grammatical errors, restating the problem more clearly, re-state the objectives for clarity, justify the selected methodology etc.
- (iii) Proposal to be resubmitted for another presentation.
Where panelists go for option three, they should indicate the extent to which the proposal is not focused in terms of the problem, the objectives, questions, literature review and the proposed methodology.

1.5 Submission of the Final Proposal

Where panelists opt for option one or two, the student shall be required to submit two copies of his/her proposal (for option one) and revised proposal (for option two) to the respective faculty within one month of the date of presentation. The document shall bear the signature of the respective supervisor. The Faculty shall submit one copy of the proposal to DRPS; (this shall form a basis for provision of research clearance letter to the respective student).

1.6 Report

The faculty shall report the outcome of the presentation to next RPPC meeting for discussing and recommending to senate such outcomes.

APPENDIX V: GENERAL REGULATIONS AND GUIDELINES FOR THESES/DISSERTATIONS

The following are general regulations and guidelines for preparation and presentation of higher degree theses/dissertations.

1. MANUSCRIPT PREPARATION

(a) *Typescripts and layout*

The Theses/Dissertations shall be made up of two parts i.e. preliminary pages and main body. Sequence of chapters/sections should be in the following order:

i. Preliminary pages:

Title page, Supervisors(s) certification, Statement of copyright, Declaration by the candidate, Dedication (if any), Acknowledgement, Abstract, Table of contents, List of tables, List of figures, List of appendices, List of abbreviations/acronyms/symbols etc (choose the appropriate title)

ii. Main body:

Introduction, Literature review, Materials and Methods, Results and Discussion (Results may be presented separately from discussion), Conclusion and Recommendations, References, and Appendices.

(b) *Typing*

The thesis/dissertation must be typewritten or word-processed and printed on good quality A4 paper. Typing must be double spaced and on one side of the paper only. Typing should be done using Times New Roman font size 12.

Dissertations/theses must be written in English language. Spelling should follow that of the United Kingdom (U. K.) English Dictionary. Use "Spell checker" facility in word processing soft wares to assist in checking spellings.

(c) *Pagination*

Paginate the preliminaries (portions preceding the introduction) in lower case Roman numerals ("i", "ii", "iii", etc. beginning with the title page. Don't show the page number "i" on the title page. Number pages of the body of the thesis in Arabic numerals ("1", "2", "3", etc.) consecutively throughout. All page numbers should appear just below the centre of the upper margin.

(d) *Margins*

The left-hand margin must be 4.0 cm from the left edge of the paper, the right-hand margin 2.5 cm from the right edge, the top margin 4.0 cm from the top of the page, and the bottom margin 2.5 cm from the bottom edge of the paper.

(e) *Description/details of selected sections of dissertations/theses*

Preliminary pages:

i. *Title page*

The front (title) page must be written in CAPITALS, symmetrically centred and arranged in the following order:

1. Write the *title* of the thesis/dissertation. The title of the dissertation/thesis must not exceed 20 words.

b. Write your full name

c. Write the following:

"A THESIS/DISSERTATION (whichever is applicable) SUBMITTED IN FULFILLMENT/ PARTIAL FULFILMENT OF THE REQUIREMENTS FOR THE DEGREE OF (insert name of degree), Indicate the host department, THE OPEN UNIVERSITY OF TANZANIA"

i. Indicate the year of completion of the thesis/dissertation (the year when the final corrections to the thesis/dissertation is made).

iv) Declaration

I... **(Student name)** declare that, the work presented in this dissertation is original. It has never been presented to any other University or Institution. Where other people's works have been used, references have been provided. It is in this regard that I declare this work as originally mine. It is hereby presented in partial fulfillment of the requirement for the Degree of **(name of the degree award)**.

Signature

Date

v) Dedication (if any)

vi) Acknowledgement

In this section, the candidate should acknowledge the people or institutions that rendered support or other help which made the execution of the thesis/dissertation work possible.

vii) Abstract

The thesis/dissertation must contain a one-page abstract, which shall concisely indicate the research objectives, problem investigated, data collection methods, data analysis employed, sample size, the main findings of the study as well as the implication of a study finding. Also, students are requested to indicate at least 4 keywords at the end of the abstract.

viii) Table of Contents

The table of contents is used instead of an index, and should be sufficiently informative with specific page numbers of all chapters, sections and subsections indicated. If there is to be a list of Tables, Figures, Plates, Abbreviations/Acronyms/Symbols etc it should be on a page by itself, and arranged in the general format as the Table of Contents. Any table legends should be listed in the appropriate pages. The list of Abbreviations/Acronyms/Symbols

(arranged in alphabetical order) should appear on the page just before the start of the main body i.e. Chapter 1 of the dissertation/thesis. Use the word processing computer function to create the table of contents which can be updated automatically.

Main Body of Thesis:

The text should contain the following chapters although the content included in each chapter may vary depending on the nature of research undertaken:

CHAPTER 1: INTRODUCTION

This section must cover a comprehensive introduction to the problem, a Statement of the Problem, Research Objectives, Hypotheses/Research questions, significance of the study as well as the chapter summary.

CHAPTER 2: LITERATURE REVIEW

This section must cover attention on the definition of key study concepts, relevant theory(s) guiding the study, relevant empirical literature on the problem and identification of gaps in knowledge. This section sometimes may include conceptual framework (in case of a quantitative study) and it should contain recent references from the last three years.

CHAPTER 3: RESEARCH METHODOLOGY

Give details of the research philosophy, research design, sampling designs, study area, data collection methods, data analysis methods used in the research, the critical choices made (with justifications).

CHAPTER 4: FINDINGS

Present findings of the study in this chapter. In some discipline the term findings can be represented by the term results.

CHAPTER 5: DISCUSSION OF THE FINDINGS

Discussion of findings should be presented in this chapter.

CHAPTER 6: CONCLUSIONS AND RECOMMENDATIONS

Conclusions (theoretical and managerial), recommendations and possibly also suggestions for further research should be presented in this chapter.

REFERENCES

APPENDICES

NOTE: Presentation of findings/results can be combined with discussion i.e., chapter four's title becomes FINDINGS/RESULTS AND DISCUSSION. Also note that organization of chapters after the chapter on research methodology may change to suit needs of the research. In some cases, findings and discussion of every single specific objective may form a standalone chapter especially at PhD level; supervisors should guide students accordingly.

Specific items to note:

i) Presentation of tables:

- (a) Present each table on a separate page in case it covers more than one page. Use upper case "T" for the word "Table" when citing tables in text.

- (b) Number them consecutively according to chapters using Arabic numbers (e.g. 4.1, 4.2 etc) in the same order as they are referred in the text. (Note: 4.1 means first Table in Chapter 4).
 - (c) Type adequate and self-explanatory captions above tables in bold letters. For tables that are represented in a landscape format (horizontal), the caption should be typed length-wise at the left-hand margin of a page.
 - (d) Capitalize only the first letter of the first word of captions and of column headings in table except where otherwise necessary.
 - (e) Place acknowledgements of source below tables cited/adapted from other sources, using the format; Source: Rwegoshora and Kara (2020).
 - (f) Give references for tables in full only in the references' list at the end of the dissertation/thesis and not as footnotes to the text.
 - (g) The word Table, Figure, Appendix or Map which refers to a specific table, figure, appendix or map in the text should start with an upper-case letter.
- ii) Authors should take notes of limitations set by the size and layout of the document. Large tables should be avoided in the main text and if necessary, they should be placed as Appendices at the end of the manuscript. A table in the text should not exceed the printed area of the page. Fold-outs are not accepted in the main text. If many data are to be presented together, an attempt should be made to divide these over two or more tables or reduce the size using smaller fonts (not smaller than size 9) and/or photocopying machines but should remain readable.
- iii) *Presentation of Illustrations (figures, pictures, graphs, charts etc):*
- Present these on separate pages in case they cover more than one page.
 - Number illustrations sequentially in Arabic numbers according to chapters (e.g. Figure 1.2, 3.5, etc) and refer to them in the text in order of appearance.
 - Type captions below figures.
 - Capitalize only the first letter of captions, except where otherwise necessary.
 - As much as possible symbols and lines should be standard, large and thick enough. Free hand drawn lines should be avoided.
 - Photographs are only accepted if they have good contrast and intensity. Only sharp and glossy copies should be used.
- iv) *References (Literature Cited) must follow an APA referencing style version 6. Example on how to do citations using an APA referencing style is presenting in Table 1.*

(f) **Other regulations**

i. *Units of measurement*

- a) Use SI (System International) units.
- b) Spell out the units unless they are preceded by numbers.
- c) Note that abbreviations for units are the same in singular and plural forms e.g. Write kg not kgs.
- d) Express rates or amount per units in the form 50 kg/ha or 50 kg N/ha or 50 kg ha⁻¹. Do not write 50 kg/ ha N.

ii. *Numbers*

- a) In numbers with four digits on either side of the decimal point, run digits together, e.g. 1000; 8285; 0.3284
- b) In numbers with more than four digits, leave a space (not a comma) between each group of three digits on either side of the decimal point e.g. 1 262 843; 256 421; 10 000; 0.032.
- c) In columns of numbers (e.g. in tables) containing four or more than four digits, group the digits into three as follows:
 - d) 28 032
 - i. 1 422
 - ii. 862
 - iii. For the decimal point, use a full stop, not a comma, e.g. write 0.2 not 0, 2.
 - iv. For numbers below unity, precede the decimal point with a zero, e.g. 0.62 not .62.
 - v. Spell out numbers from zero to nine, but use figure for higher numbers, e.g. six plots, 10 plots.
 - vi. In a series of three or more numbers, use figures irrespective of magnitude, e.g. 'In trials with 6 cultivars in Zambia, 4 in Malawi and 8 in Mozambique.....'
 - vii. Use figures whenever a number is followed by a unit of measurement and for days, years, dates, page numbers, classes etc., e.g. 5 kg, 2 g, 3 days, 1 year, 6th January, page 13, type 7, etc.
 - viii. Spell out numbers that occur at the beginning of sentences.
 - ix. Express fractions as decimals, though percentages and simple fractions can still be used.
 - x. For simple fractions use the form one-quarter, two-thirds, not 1/4, 2/3 etc.
 - xi. Where possible, avoid large figures ending in several zeros. Either spell them out or use an exponential for part of the number; e.g. for 1,600,000 write 1.6 million or 1.6 x10⁶.

iii. *Percentages*

Use the % symbol only with figures, e.g. 62% but spell out the words percent or percentage when they occur without figures.

iv. *Time*

Use the 24-h clock, e.g. 07:30 h, 23:45 h, etc

v. *Date*

Use the form 22 January, not 22nd January, January 22 or January 22nd

vi. *Year*

- Write in the 1990s not in the 1990's
For two calendar years write 2001-02, not 2001 02, 2001-2 or 2001- 2002.
 - a) For single non calendar years, i.e. parts of two years or seasons that extended over two years, write 2001/02 not 2001 2, 2001-02 or 2001-2002.
 - b) For two non- calendar years, write 2000/01- 2001/02.

vii. *Local terms*

If local or unfamiliar terms are used, e.g. for plant or animal species, food products, etc give the scientific names in italics or a description when terms are first used.

viii. *Abbreviations/Acronyms*

- a. Where it is wished to use abbreviations/Acronyms of organizations, technical terms etc., spell them out in full the first time they occur, followed by the abbreviation/acronym in brackets, e.g. Open University of Tanzania (OUT). Thereafter use the abbreviation only. Never begin a sentence with an abbreviation even if it has been spelled out in full already.
- b. It is usual to omit full stops, e.g. write USA, not U.S.A., PhD not Ph.D., FAO not F.A.O.
- c. It is not expected that all the research work completed by the candidate will find room in the thesis/dissertation. Usually, the candidate will have collected more data than what he/she had anticipated. Part of his/her Doctoral or Master's training is to be able to select what should go into thesis/dissertation, and what should be left out. In recognition of this important aspect of training, it is important to set maximum lengths for Master's and Ph.D. dissertations/thesis.

At The Open University of Tanzania, the upper limit length for the dissertations/thesis should be as follows:

- a. Master's dissertations: 200 pages with a tolerance of 10% above this limit, i.e. up to 20 extra pages, appendices and footnotes included.
- b. Master's thesis: 300 pages, with a tolerance of 10% above this limit, i.e. up to 30 extra pages, appendices and footnotes included.
- c. Ph.D. thesis: 500 pages with a tolerance of 10% above this limit i.e. up to 50 extra pages, appendices and footnotes included.
 - Under very special circumstances, limits exceeding those set above may be allowed, if approved by Postgraduate Studies Committee and Senate, with reasons for exceeding the limits clearly stated.

2. INITIAL SUBMISSION

The initial copies of the thesis or dissertation (4 copies for Master's candidates and 6 for Ph.D.'s) submitted for examination, should be in loosely bound form. Students are

required to append plagiarism report generated from the Turn it in software together with the research clearance letter at the end of the dissertation/Thesis. For PhD and Masters by Thesis are also required to append the published papers at the end of their thesis.

3. FINAL SUBMISSION

- a. After satisfactorily completing all the corrections recommended by examiners under the guidance of the supervisor, the candidates **MUST** submit one loose bound copy to the Coordinator of Postgraduate Studies for checking the quality of the document and compliance to OUT regulations before sending it for hard binding.

Candidates shall submit four and four copies (in case of Masters by coursework and Masters by Thesis and PhD candidates, respectively) of fully hard bound dissertations/Theses to the secretariat, Postgraduate Studies Committee. Each copy shall be bound black.

- b. The spine shall be embossed in gold, bearing:
 - i. The surname and initials of the candidate.
 - ii. the degree for which the thesis/dissertation has been submitted, and
 - iii. The year of degree award.
- c. The writing on the spine shall read from the bottom to the top.
- d. The front cover of the bound volume shall be printed in gold letters. The content printed on the front cover shall be the same as the title page.
- e. All submissions (dissertation & Thesis) should be accompanied by an error free letter signed by the supervisor, 1 CD ROM contains a soft copy of dissertation/thesis (PDF format). The CD has to be printed candidates full name, Registration number, program, and year.

4. In case of a need for further clarification or additional advice on preparation of dissertations/theses, candidates should consult the Director of Postgraduate Studies, The Open University of Tanzania

APPENDIX XI: GUIDELINES FOR PREPARATION OF A TENTATIVE RESEARCH PROPOSAL FOR REGISTRATION TO A MASTER DEGREE BY THESIS OR Ph. D DEGREE

NOTE: *These guidelines are only for those applying for a degree program done purely by thesis (research) without any course work.*

Title page

The title page should include the following

Name of Candidate:

Name(s) of Supervisor(s):

Dept. and Faculty/ Institute:

Proposed Degree:

Title: Give a title to the research proposal. The wording of the title should be short, comprehensive and clear; and should reflect fairly accurately the research problem. It is advisable to identify key words, issues of the research and evaluation variables when formulating the title. Please note that page number should not appear on this page.

Abstract

The abstract should be presented on the page just after the title page. This should summarize the contents of the whole proposal in not more than 300 words; it should be provided in a single paragraph. This page will bear roman number two (ii). Please note that all numbers should appear on top centre of each page.

Table of contents

The table of contents should appear just after the abstract. It should indicate page numbers of each item to be found in the research proposal. Pagination should be in roman number, continuing from the abstract.

1.0 Introduction

Should provide background information to form a setting to the problem of the proposed research. It is in this chapter where the student comprehensively reviews the literature pertaining to the problem to show what other people have published on the problem citing specific authors where appropriate, what gaps of knowledge still exists, and what additional research needs to be done. Often it is useful for the student to divide the introduction section into subheadings such as:

1.1 Back ground to the study

Provide background information to the problem. This section should not exceed 2 pages.

1.2 Statement of the Problem

Delineate or identify the problem. This should not exceed one and half page.

1.3 Objectives

Spell out the main objective and specific objectives of the study

The applicant should show the principal objectives of the intended research, outline what gaps of knowledge will be filled through the research, and what advances will be made when the research plan is executed. Provisional hypotheses should be presented, if already formulated.

1.4 Questions

The student may choose to use either research hypotheses or research questions; however, depending on the nature of the study the researcher may opt to use both. Where the student chooses to use hypotheses, he/she should provide both null and alternative hypotheses. For every hypothesis, variables to be tested should be clearly stated. Where the student opts to use research questions, he/she should use action verbs to ensure that specific objectives are measurable.

1.5 Literature review

Focusing attention on the relevant literature on the problem, including methods, findings by other researchers and identification of gaps in knowledge. This chapter should also include theoretical and empirical frame work. A framework is a collection of interrelated concepts, theories not necessarily so well worked-out, which guide the research, determining what things should be studied, measured, and what statistical relationships to look for. This section should not exceed 15pgs.

1.6 Research methodology

A research proposal should contain a section giving details on methods proposed to be used when conducting the research. The location(s) where the proposed research will be carried out should also be given in this section. If particular instruments are to be used, their details and specifications should be presented. The research design should clearly state. If the data are to be collected through sampling, then the study population and sampling procedure should be described. If questionnaires will be used, samples of the proposed questionnaires should be presented. If standard methods will be used, then full references to them should be given. In case new methods have been developed by the applicant, these should be described in sufficient details. In all cases, data analysis plan should also be included. If any limitations to the proposed methods are known, then these should be pointed out. Ethical issues to be addressed should be stated and where appropriate a form filled and signed as shown below.

1.7 References

List down the references you cited in the text. These should be listed in an alphabetical order not forgetting to start with author (s) name(s), year, title of the publication, source (eg Journal etc.), volume and pages.
