CALL FOR INNOVATION IDEAS 2023/2024

The Open University of Tanzania (OUT) Innovation Hub is inviting staff and students to submit innovative ideas/proposals that have potential to bring about socio-economic benefits. (*Deadline: 31st Oct 2023*)

This call aims to identify new innovations for the purpose of promoting and supporting them. Previously, the registered innovations received support to attend various capacity-building workshops/trainings and participate in exhibitions and competitions. Three OUT innovations have already been recognized at a national level and are currently receiving financial and incubation support from the National Commission of Science and Technology (COSTECH).

To submit your idea,

- (1) fill in the form available at the below link
